

THREE MEN ELECTROCUTED ON SIDEWALK

PUBLIC CONFIDENCE AND BUSINESS PROSPERITY ABOUND

MARKET ENTERS UPON SEVENTH MOMENTOUS DAY

(By United Press)
NEW YORK, Nov. 12.—Clerks in commission and brokerage houses again worked through the night to handle an avalanche of orders from all parts of the nation as the stock market entered the seventh day of the great post-election bull market. Public confidence seemed unbounded and in the face of reports of business prosperity and expansion of industry traders were prepared for an indefinite continuation of buying wave. The turnover in the stock exchange yesterday was 2,354,399 shares, railway and industrial issues going into new high ground for the year. Both the stock exchange and the curb market were taxed to capacity with a total of 541 stocks traded in, including corporates and oil, vying with rails for leadership in the speculative wave. A total of 11,075,279 shares had been traded in since the election when the stock exchange closed last night. Fifty representative stocks showed a net gain of 4.13 per cent.

Two Are Held In Holdup Charge

(By United Press)
KANSAS CITY, Nov. 12.—J. B. Wright, Kansas City and Marcell Vandepopulier, laborer on Wright's farm in Clay county, are being held today in the county jail at Liberty, Mo., on a charge of having robbed the People's State Bank in North Kansas City Monday of \$1,000. In a purported confession by Vandepopulier, Wright is named as having been the man who planned the hold-up. Suspicion fell on the two men when they reported that the robbers had stopped at the farm.

KANSAS CITY USES RIVER FOR WHEAT

(By United Press)
KANSAS CITY, Mo., Nov. 12.—This inland city for the first time in history recently established connection by way of the Mississippi river with the Gulf of Mexico. Five hundred thousand bushels of Kansas wheat shipped through Kansas City floated from St. Louis, Mo., cut to sea and to European markets, with a saving over rail transportation of 2 cents a bushel, or \$10,000. The barge line which moved the wheat son will extend its service direct to Kansas City via the Missouri river. The wheat was loaded in St. Louis from freight cars and ten days later it was in storage elevators at New Orleans.

The second shipment totals 700,000 bushels and is son to get under way, bringing the total bushels of wheat transported down the river to 1,200,000 bushels, and representing a saving in transportation of \$21,000 to the shipper.

MAN WHO BUILT ELECTRIC CHAIR WAS EXECUTED

(By United Press)
COLUMBUS, Ohio, Nov. 14.—Since the electric chair was introduced into the Ohio state penitentiary here, it has claimed 101 lives. It is also a notable fact that the man who built the electric chair died in it. His name was Charles Justice and he had two weaknesses. One was a mania for experimenting with electricity and the other was for stealing. For the latter he served three terms in the big Spring Street prison and while "doing his third stretch" he designed and built the chair.

MRS. HARDING REPORTED SOME BETTER WEDNESDAY

(By United Press)
MARION, Ohio, Nov. 12.—Mrs. Warren Harding is stronger and more cheerful, the daily bulletin issued by Dr. Carl Sawyer said, adding that the patient slept five hours during the night.

Quite a number of citizens of Mexia spent Tuesday on hunting and fishing trips.

Mexia Friendly To Westminster's Program of Growth

Many of the business men of Mexia are speaking encouragingly of the contemplated campaign to raise \$100,000 for Westminster College. The College is considered a great asset to Mexia, bringing to this section around 100 students annually from outside the community in which the college is located. Mexia is asked to raise \$10,000, which will be matched by \$90,000 raised elsewhere. The \$10,000 provides payment in four equal parts covering a period of four years. Mexia citizens are very friendly to the institution and are anxious to see it prosper and become a much bigger one and they realize that in any expansion program they should be called upon to have a part.

NATIONS LEAGUE TO CONSIDER MILITARY PLANS

(By United Press)
GENEVA, Nov. 12.—The permanent advisory commission of the League of Nations Council on military, naval and aerial questions convened here today for the purpose of perfecting the League organization that will eventually take over from the Allies the military control of Germany, Austria, Hungary and Bulgaria.

The final plans as prepared by the commission at the present meeting will be submitted for approval to the next meeting of the council at Rome and it is shortly after that, or early in January at the latest, that it is expected the Allies will turn over to the League, as provided in the various peace treaties, the task of seeing to it that none of the ex-enemy countries seem to exceed the armaments that were fixed for them in those treaties.

With the final transfer of this task to the League, the latter's permanent advisory commission on military, naval and aerial questions will become one of the most important organizations in Europe. It will be this commission which will be charged with the surveillance of the ex-enemy states and it is concluded that it will be a large extent hold the peace of Europe in its hands. It is expected as a consequence that the commission will be in almost permanent session at Geneva, at least for a number of years to come. The commission as now constituted, consists of one military, one naval and one aerial expert from each one of the members represented on the council. Namely England, France, Italy, Japan, Belgium, Spain, Sweden, Czechoslovakia, Brazil and Uruguay.

The general lines of the plans of organization with which the League will take over the military control of ex-enemy states were agreed upon during the meeting of the League council and assembly in September.

The present session of the League's military advisory commission is for the purpose of executing the decisions taken at that time.

Under the plan agreed upon the League's permanent military, naval and aerial advisory commission will not have the right personally to make investigations in any of the ex-enemy states. It will, however, be the organism that will be charged with receiving all complaints and information to the effect that any of the ex-enemy states are exceeding the armaments allowed them under the peace treaties and to order an investigation by special commissions created for each case.

CONSTABLE OUT ON BOND OF \$1,000

(By United Press)
WACO, Texas, Nov. 12.—V. S. Lewis, constable, was at liberty today upon \$1,000 bond today in connection with the fatal shooting of Ike Morgan at Crawford near here last yesterday.

In a statement to officers, Mrs. Morgan, wife of the dead man, declared the killing followed attempts of the officer to gain custody of her sixteen-year-old daughter.

MISS HUGHES AND OTHERS MAKE NEWSBOYS HAPPY

Armistice Day was another memorable occasion in the life of Mexia newsboys. It was the day to which they had long looked forward, the occasion marking the third anniversary for them of gifts by Miss Genevieve Hughes and other friends here who are anxious to help them get started right in life.

Miss Genevieve, making good her promise to give \$100 to the Mexia newsboys as long as she resided in the city.

Heretofore, the money has been thrown to the pavement and each newsie was permitted to scramble for what he could get. On this date, the plan was changed so that the small boy would get an even break with the larger youths. There were 28 newsboys of the city entitled to participate. The \$100 was divided equally among the 28 boys, Miss Hughes thus making an armistice day gift of nearly \$4 to each lad.

In addition to this, Ben Smith, Vice President of the Prodigast-Smith National Bank continued his custom of encouraging fundamental principles of saving and presented the 28 boys with a pass book showing one dollar each deposited to their credit. Some of the boys who were participants last year and the year before were in this third event also, while the new newsboys were also given their dollar and pass book.

"Pat" Box, manager of local theatres, gave each boy a pass to any show in Mexia.

L. A. Simpson of the Chocolate Shoppe added a sack of candy to the gifts received by each boy.

For all of the 28 it was a perfect day, and one which brought them plenty of peace of mind. They are being given every encouragement to save their money and to increase their bank deposits.

The transactions were consummated at the office of the J. K. Hughes Developing company.

Miss Hughes was assisted by Miss Marguerite Smith and Joe McCarthy.

JURY INSTRUCTED TO RETURN "NOT GUILTY" VERDICT

(By United Press)
BALTIMORE, Nov. 12.—Judge Morris Soper, in charging the jury in the case of Congressman John Phillips Hill in the federal district court here, instructed the jurymen to bring in a verdict of not guilty on nuisance counts in the indictment. He told the jury that in other counts, charging manufacture and possession of intoxicating wine cider one question for them to determine was whether these beverages are intoxicating "in fact."

EVANGELIST WILL PREACH ON THE OUTCAST OR LAST CALL

A large crowd attended the revival services being conducted under the auspices of the First Baptist church, at the big tent, Tuesday night. Despite the rain, the tent was crowded. Prior to the sermon, patriotic songs were sung and a scene enacted showing the death and conversion of a soldier.

Many additions to the church marked the meeting.

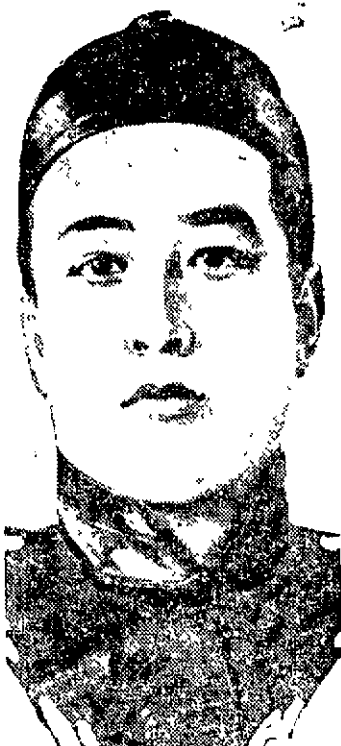

Evangelist Starnes will tonight preach upon "The Outcast or Gods' Last Call."

The public is cordially invited to all services.

Youthful Chinese Ruler Stripped of Titles

HSUAN TUNG, RULER

Emperor Hsuan Tung, the youthful Manchou Emperor of China, has been stripped of all his titles, and is now plain "Mr. Pu Yi." He has been forced to give up all his titles and estates and his allowance has been reduced from \$4,000,000 annually to \$500,000. Factories will be established to give employment to the thousands of retainers he had kept in his palaces.

ELECTION CALLED FOR ROAD BONDS

The attention of readers of The Mexia Daily News is called to two legal notices appearing in these columns today, which provide for the calling of an election to vote upon road bonds for road districts number 4, 12, and 16 of Limestone county. The statements made include full information and the issue should be filed for ready reference when any questions arise pertaining to the matter. The elections will be held December 16, 1924.

May Be Bride of Prince of Wales

Princess Ileana of Rumania, whose mother, Queen Marie, is supposed to have an "understanding" with the Prince.

There are those who say that the Prince of Wales and the Queen of Rumania have an excellent understanding. If that be true then the prince's fate is sealed. He is dealing with "a woman who gets her own way." The little Princess Ileana is young and beautiful, but what is far more to the point, her mother is one of the cleverest diplomats in Europe, and has already seduced two of her daughters on thrones. She went to the Paris Peace conference armed with 64 gowns, 22 fur pieces, 81 coats and 80 pairs of slippers, and with feminine charm outbatted the entire corps of diplomats.

In an article in *Harper's Internationalist* for November, Mabel Potter Daggett tells of an interview with the queen, at the time of the Paris Conference. The interview evolved into a heart-to-heart discussion of feminine strategy, (older and subtler than all the wisdom of prime ministers) and into a visit to the queen's boudoir. There was "the little gown trimmed with point de Milan for the reception at the Italian embassy," and "the white mouseline-de-soie with the hand-painted rosebuds that Mr. Lloyd George would like," and "the gown of cloth of gold in heavy gold embroidery especially designed for a luncheon with President Wilson."

"Yes," the queen told her interviewer, "one must have clothes, and the wit to wear them, too. One must have looks. Then one must have charm. And the greatest of these is charm."

THE CAN OPENER IS SWATTED AT MEETING OF DENTISTS

(By United Press)
DALLAS, Texas, Nov. 12.—The can-opener, if allowed to continue its unrestricted course, will make the American people of the distant future a race of Andy Gumps. Such was the prediction, although not in so many words, of Dr. W. A. Griffin, president of the American Dental Association, in its sixty-sixth annual convention here today.

The growing favor of the American people for prepared foods, which require little physical effort for mastication, will result in under-development of the muscles of the lower jaw and its eventual disappearance, according to Dr. Griffin.

Preponderance of pre-digested foods was also blamed by the Association president for a large percentage of imperfect teeth in America today. "Lazy eating" does not allow the salivary glands of the mouth to function properly, as was the case in the days when our forefathers wrestled with jerked beef and other obstinate catables, the doctor pointed out.

Improper eating and the resultant inadequate movement of the salivary fluids also acts as a destroying force upon the gums and making the lower sections of the teeth easy prey for diseases, it was shown.

To offset the injurious line-up, Dr. Griffin offered a combative agency—education. Despite the prevalence of mouth disorders, the teeth of the American people are in better condition than ever before in history, Griffin said, attributing this fact to the educational campaign carried on through the schools and public health departments.

As soon as a kid is big enough to have teeth, it's big enough to have 'em washed, Griffin said. "Start with the child. Make the daily tooth brushing as much of a child's life as was that of washing the face and hands. Both will become second nature, he declared, adding, "proper care of the mouth by the individual daily beats a visit to the dentist once a month."

AGED LIMESTONE COUNTY CITIZEN DIES TUESDAY

GROESBECK, Texas, Nov. 12.—J. B. Jordan, 86 years of age, and for more than fifty years a prominent farmer of this county, died at his residence eight miles west of Groesbeck Tuesday morning and was buried in Glenwood Cemetery in this city Wednesday afternoon. He belonged to no lodges or secret organizations but had been a consistent member of the Methodist Church for the greater part of his life. He accumulated a competence early in life and had always taken an active interest in the moral and political welfare of his community, county, state, and nation. His wife died several years ago. He leaves the following children: Four sons, Felix Jordan and Burns Jordan, now living in New Mexico, D. C. Jordan of Oklahoma City, and B. W. Jordan of this county, and three daughters: Mrs. J. C. Patterson, Mrs. J. W. Childress and Mrs. L. G. Gazzaway, all of this county.

SCHOOLS DISMISSED IN HONOR OF MEMBER OF BOARD NOW DECEASED

The schools of Mexia were dismissed at noon Wednesday, out of respect to A. D. McDonald, vice-president of the Mexia Board of Education, who passed away at his home here Tuesday morning. Funeral services were arranged to be held at the Central Presbyterian church at 3:30 o'clock today, burial following in the Mexia cemetery.

Prayer meeting services will be held at the Central Presbyterian and First Presbyterian churches tonight. Since Rev. W. B. Andrews of the Methodist church is at Conference at Brownwood, this congregation will not have prayer meeting.

GROESBECK HAS BIG ARMISTICE DAY PROGRAM TUESDAY

GROESBECK, Texas, Nov. 12.—This city celebrated Armistice Day by closing practically every business house in town and attending the exercises held by various organizations. The principal exercises were held in the High School Auditorium. There were exercises by various classes in the morning at 10 o'clock followed by the Graceland Pageant in the evening at 7:15. This depicted the development of the nation from the rule of the Indians through the coming of Columbus, the landing of the Pilgrims, the Union of the Blue and Grey, and the participation of Americans in the World War and world peace. The teachers had the assistance of the Shakespeare Club and others of the city in making this the great success it was.

Leopold Is Now English Teacher In Joliet Prison

(By United Press)
JOLIET, Ill., Nov. 12.—Nathan Leopold, serving life in the state prison here for his share in the murder of Robert Franks, is now a professor of English on the prison faculty.

Next week Richard Loeb, partner in the crime, will also become a member of the faculty and act as teacher in arithmetic.

The teaching will not conflict with their regular work in the prison factories. Warden Whitman stated in announcing the step. I couple gives two hours a night to prisoners interested in acquiring a better knowledge of the English language. Loeb also will devote two hours a night to his class.

For their first time since the millionaire youths entered jail, two months ago, they met and talked yesterday. It was during the holiday movie performance—Armistice Day is a legal holiday in Illinois—and they took advantage of the milling around to meet and chat.

BORAH SUCCEEDS LODGE ON IMPORTANT COMMITTEE

(By United Press)
MOSCOW, Nov. 12.—Senator Borah's assumption of the chairmanship of the foreign relations committee following Senator Lodge's death is looked upon as hastening the conclusion of amicable relations between the United States and Russia. It is believed here Borah's influence "will quicken Secretary Hughes yearning to enter the ranks of the tired businessmen."

Age Transformed Into Youth When Silver Hair Is Changed to Gold

CHICAGO — Grandma's gray hair is becoming a thing of the past. Eighty percent of the women past 60 in the United States are tinting their hair and within ten years "silver threads among the gold" will be only a memory. Neal R. Andrews, New York hair specialist, told a convention of cosmeticians here.

"This does not mean that grandma has developed the flapper complex and has forsaken her knitting for synthetic gin, Turkish cigarettes and netting parties," said Mr. Andrews. "It means that she refuses to be a back number consigned to flaxseed tea, old lace and dummies."

"Grandma's spirit is still young. But she knows that gray hair is popularity associated with senility. Therefore she must look young if she is to make effective her youthful capability. This she achieves by tinting her hair."

"Until recently many commercial dyes contained injurious chemicals, the most poisonous of which was paraphenylenediamine, which damaged the scalp and hurt the skin. Discovery by chemists of a new coloring preparation which is harmless in its action on the organism of the hair, contains no destructive chemicals and becomes a permanent part of the hair. Impervious to sunshine, water or curling, has made it safe for women to tint their hair."

Consolation was awarded Mrs. F. H. Poteet.

After several tables of bridge, a delightful salad course was served to the following: Mrs. Bruce Ainsworth of Hillsboro, Mrs. Nelson Forrest, Mrs. Ernest H. Poteet, Misses Shelley Harger, Corin Watson, Ednah Potternew, Anne Chenshaw, Alice Simmons, Julia Kahl, Winnie Jennings, Anita Ledbetter, Mavis Ward, Ruth Jewell and Mrs. Sam B. Werner.

Newest Thing in Curtains

HERE is noticeable a distinct revival of the lace curtain. But the new laces bear absolutely no resemblance to the stiff and heavy English Nottingham of yesteryear.

The new nets and laces, which are the correct glass curtain of today, are all developed in soft, though durable cotton yarns, and in lovely, restful tones of deep cream, ecru, sunshine or amber. White is as out of date as stiff Nottingham, and the new Marquesan, Escala, Shantung, and other laces are never white and never stiff.

Indeed, so far has the idea of a very soft veiling for the window gone, that curtains are now being made of radiant fibre silk in a rich amber tone. They are as soft as chiffon, very transparent, and impart an air of shimmering elegance to any well furnished room.

The Boy's Room

Don't try to make the boy's room dainty, for he will hate it, and you will hate the way he treats dainty wallpaper, rugs, bedspreads and other accessories.

Let him have a plain wall, upon which he may tack posters and pennants to his heart's content. Give him sturdy furniture, a bare floor, or else a very serviceable rug which will not show spots, and make the room look as much like a sitting room as possible, for it is there he will love to take his boy friends.

Avoid dainty bedding for the boy. For the couch, a serviceable cover, perhaps an easily washable Nashua Indian blanket, and for the bed nautch looking brown and tans in swaggy English checks, or sturdy, not easily soiled, grays.

NOTICE.

New Wing of Metropolitan Museum Devoted to American Art

Contains Identical Rooms From Early American Homes From Colonial Period Onward

FRONT OF NEW AMERICAN WING IN CENTRAL PARK, NEW YORK AS RECONSTRUCTED STONE BY STONE, FROM THE OLD U. S. ASSAY OFFICE.

NEW YORK, Special.—A new American Wing has been presented to the Metropolitan Museum of Art by its President, Hon. Robert W. de Forest, and by Mrs. de Forest. It will be devoted entirely to exhibits of early American history. It will be formally opened in the near future. Many of the rooms in the new three story building have been installed with the identical walls, ceilings, doors, windows and woodwork taken from the originals, which they represent. Among exhibits will be rooms, furniture, fireplaces, silver, art, color, relics in an historic atmosphere replete with vivid portrayals of noted Americans.

There are eighteen exhibition rooms forming a remarkable sequence of early American history during the Colonial, Revolutionary and Republican periods. Each room has been taken from some of the old homes in the territory embraced by the original thirteen states. Even old hand made bricks, and in many instances the wall paper, have been replaced in the new wing. The exhibits are the result of a fifteen year's collection.

The famous old ball room in Gadsby's Tavern at Alexandria, Va., erected in 1793 where General and Mrs. George Washington were feted on his birthday celebration, February 22nd, 1798, and where Lafayette dined has been brought into this new wing. Every inch is the identical wood used throughout the construction of the historic old ball room. The windows, and musicians' gallery are placed in their exact location. In short the ball room has been placed in the museum just as though it were bodily raised and carried to New York. This is characteristic of nearly every other room and exhibit in the new wing.

In a few places materials which have withstood the ravages of demolition and fire and which were in such a state that a removal was impossible, the Museum has made a perfect substitute marking each piece that is not original. Seventeenth century rooms of an architectural pretention were impossible to secure and to keep in harmony with the historic interest throughout, the Museum constructed two such rooms and intervening hallways.

The south facade of the building is the marble front of the old Assay Office at 15 Wall Street and dating back to about 1822. Upon being torn down it was discovered by Mr. H. W. Kent, Secretary of the Museum. Mr. de Forest bought the stones, numbered them and piled them in a lot near the Museum. Today they have been placed stone by stone in their old position. Even the foot-worn threshold over which millions of dollars have passed is in its new place.

The new wing contains many of the finest collections in the country. The famous Dolles Collection of early American furniture has been secured. Clearwater's Collection of Silver, Charles the Second Pewter, Charnellon Pewter, Collection of Dutch Tiles by Mrs. Frederick Allen, the Palmer Collection showing the gradual evolution of interior decoration and other famous relics have been purchased or loaned.

The construction of the building and arrangement of the rooms and their contents has been done by leading authorities.

The greatest care to make this exhibit accurate and authentic has been taken. The exhibits were proclaimed by a group of leading authorities to be the finest collection ever made of early American arts.

ECZEMA

You will be compelled to admit that the results of S.S.S. are really amazing!

MANY people imagine that eczema or better needs only some external application on the skin in order to get relief. This is because the attention of the sufferer is so violently directed to the intense burning and itching which accompanies this disease. Try as they may—permanent relief will never be theirs until the disease laden blood is thoroughly cleansed.

We know there is one thing that stops eczema and that is more red-blood-cells! S.S.S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it. Skin eruptions, eczema, with all its fiery, skin digging torture, and its soul-tearing, unreachably itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of Nature! S.S.S. builds them by the million! It has been doing it since 1826.

S.S.S. is one of the greatest blood-cell builders, blood-cleansers and body strengtheners known to us mortals! When you put these facts together,—then to continue to have eczema and skin eruptions looks more like a sin than a disease. S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it routs eczema, clears the skin, builds firm flesh, fills out hollow cheeks, and gives you that more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

If Back Hurts Begin on Salts

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from

the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Italian daily newspapers are deploring the results of the American general election of this month. They say that the present administration is "Imperialistic." What they want and what Italy wants, of course, is an open door, a wide open gate policy, for the United States. Down with the bars and barriers, is the cry. It galls Italy to think that her people should be discriminated against and considered an undesirable element and the Republican party is blamed for the passage of the last immigration bill. As a matter of fact, that measure was largely due to the effort of Democrats, but some outstanding leaders of the party of the people probably deluded by some of Italy's leaders into thinking that that measure did not reveal public will and so blaming the Republicans have "dubbed" it "Imperialistic." If Italy, however, knew the great heart of America, she would know that there is no chance now to break down the immigration laws which came just in time to save America for Americans.

Missouri's voters recently adopted an amendment increasing the pay of her legislators from \$5.00 to \$10.00 per day. Thus that state has decided to pay the makers of her laws nearly as much as they pay to carpenters who make their houses.

It was too bad that Mexia did not have an Armistice Day celebration Tuesday. The big handicap that stood in the way of a great mass meeting of patriotic citizens was that Mexia has no city or community auditorium to accommodate the crowds on such an occasion.

Before next Armistice Day, a day of Peace and Good will, Mexia should engage in a campaign to urge that every home here has an American Flag and a Holy Bible. The one represents the nation and the other "The Prince of Peace."

HUMBLE MOTOR OILS

Unblended Lubricants From Cold Test Crudes

In order to get the desired viscosity, or body, many manufacturers blend their oils by mixing a heavy oil with a light oil in the correct proportion. This practice produces a "blended oil," the lighter portions of which quickly vaporize under the high temperature of the cylinder walls above the pistons—and the heavier portions leave a large residue of carbon when burned.

On the other hand, Humble Motor Oil is produced only from high-grade, cold-test crudes, and is "straight run." It is not mixed or blended. Humble Motor Oil is a clear, beautiful amber color, and has just the right "body" to properly lubricate all bearing surfaces in the motor and to stand up under the extreme heat to which it is subjected. Owing to the fact that it is unblended, there is but a small range between its lighter and heavier fractions, and it leaves but little carbon when burned. Humble Motor Oil insures longer service life for the car.

LION CLUB HAS PATRIOTIC ARMISTICE DAY PROGRAM

The Lion Club meeting at noon Tuesday opened with patriotic selections sung by the club, led by Lion Y. K. Aubrey, and from the beginning was a soul stirring Armistice Day program. Lion President Dr. M. Brown gave a fine talk that brought back memories of that awful struggle which came to a climax six years ago yesterday. He told of the joy and sorrow of an army hospital and gave a vivid picture of the sick and wounded boys upon receiving word that the world war was at an end.

The meeting of the club was furnished with excellent music, thanks to the musicians Chas. Clover, Frank Werner, Fred Scott and Werner Johnson who assisted in making the meeting one of the best of recent months. Many patriotic selections were played by the orchestra in which the club joined in singing. Several popular songs were also played which were greatly appreciated by all present.

Lion Clover Chairman of the program introduced Retarian A. Garland Adair, who delivered the principal address.

Mr. Adair said, in part:

"After this heart stirring, soul lifting program already heard, I am impressed with my unworthiness to say anything on such an occasion as this day commemorates. There are many others here more worthy than I am to stand before you to bring a message in keeping with the sacredness of this hour. I refer particularly to Major Marion Brown, your President, to Lions Dr. R. B. Jackson, J. K. Hughes, J. Desenberg and others who performed invaluable services, abroad or at home, while the world war was carried on."

"The remarks by Dr. Brown recall memories that rush to us through six fleeting years that have passed since the first armistice day. Because of these fadeless memories, we trust to be better Americans and it is gratifying for us to consider the fact that today millions of Americans, just as patriotic as we can hope to be, are celebrating this occasion and renewing their pledge to their beloved country. We are glad that patriotism is not bounded by municipal limits; not limited by state boundaries and we hope the time will soon come when our love of humanity will be such that the coasts and rivers and imaginary lines that mark the United States will not

Chalif, Noted Dancing Teacher, Says Corsets Make for Morality

A WOMAN'S health, poise, trimness, peace of mind and even morals are insecure if she goes uncorseted, according to Louis H. Chalif, of New York, president of the Society of Dancing Teachers of the United States.

In a letter to a prominent clubwoman, Mr. Chalif takes a firm stand on the corset question. "Ever since the war brought the argument about the corset to the fore," he writes, "I have been studying the matter and I have come to the conclusion that no woman can afford to go uncorseted if she values health, physical poise, trimness and peace of mind. To this I might add good morals, although a woman's moral status is, first of all, dependent upon her own common sense."

Mr. Chalif is also vice president of the Union International des Choreographes and his school on West 57th street, New York, is a fashionable center for debutantes preparing for society, classical dancing and musical stage.

"In my business here," he continues, "I meet thousands of women of the better classes. They come here for dancing instruction and health building. Through intimate observation of my pupils, as they work, I have come to realize that women need some support for the diaphragm and abdomen. Now understand me—I do not mean they should lace themselves up in the old-fashioned affairs their grandmothers affected. I do say, however, that the corset, as made today, is a boon to women and especially to dancers or those indulging in any sort of physical exercise. Besides protection

following road districts in said territory have heretofore issued road bonds under the provisions of Chapter 2, title 18, revised statutes of the State of Texas, as follows:

ROAD DISTRICT NO. 4: Date of bonds April 10th, 1919, numbered consecutively from 1 to 250 inclusive, in the denomination of \$1000 each, aggregating \$250,000 bearing interest at the rate of 5 1/2 per cent per annum payable semi-annually on April 10th and Oct. 10th of each year, principal and interest payable at the office of the County Treasurer at Groesbeck, Texas, or at the Hanover National Bank, New York, N. Y. at the option of the holder, and maturing serially over a period of 30 years, \$200,000 of which bonds are still outstanding, numbered 1 to 41, thereof having been paid off.

ROAD DISTRICT NO. 4: additional bonds: Date of Bonds August 1st, 1912, numbered consecutively from 1 to 150 inclusive in the denomination of \$1000 each aggregating \$150,000 bearing interest at the rate of 5 per cent per annum, payable semi-annually on April 10th and October 10th of each year, principal and interest payable at Seaboard National Bank of New York, N. Y. maturing 40 years after their date, with option of redemption at any time after 10 years from their date, one of which bonds being No. 123 is still outstanding all the balance of said issued having been paid off.

ROAD DISTRICT NO. 12: Date of Bonds April 10, 1919, numbered consecutively from 1 to 40 inclusive in the denomination of \$1000 each aggregating \$40,000 bearing interest at the rate of 5 1/2 per cent per annum payable semi-annually on April 10th and Oct. 10th of each year, principal and interest payable at the office of the County Treasurer at Groesbeck, Texas, or at the Hanover National Bank New York, N. Y. at the option of the holder, maturing serially over a period of thirty years, \$34,000.00 of which bonds are outstanding number 1 to 6 inclusive thereof having been paid off.

ROAD DISTRICT NO. 12 additional: Date of bonds August 10th, 1923, numbered consecutively from 41 to 50 inclusive in denomination of \$1000 each, aggregating \$10,000.00 bearing interest at the rate of 5 1/2 per cent per annum, payable semi-annually on April 10th and October 10th of each year, principal and interest payable at Hanover National Bank of New York, N. Y. maturing serially over a period of 30 years, all of which are outstanding.

ROAD DISTRICT NO. 16: date of bonds June 10, 1919, numbered consecutively 1 to 40 inclusive, in the denomination of \$500.00 each aggregating \$20,000.00 bearing interest at the rate of 5 1/2 per cent per annum, payable semi-annually on June 10th and December 10th of each year, principal and interest payable at the office of the County Treasurer at Groesbeck, Texas, or at the Hanover National Bank of New York, N. Y. at the option of the holder, maturing serially over a period of 30 years, \$17,000.00 of which are outstanding numbers 1 to 6 having been paid off.

It is, therefore, considered and ordered by the Court that an election be held in and throughout said consolidated Road District No. 4 of Limestone County, Texas, on the 18th day of December 1924, which is not less than 30 days from the date of this order, at which election the following proposition shall be submitted:

Whether or not the bonds of said consolidated road district No. 4 of Limestone County, Texas, shall be issued by the Commissioners' Court of said County in the sum of \$1,571,000.00 for the purpose of the purchase and construction of district roads and the further construction, maintenance, and operation of macadamized, graveled or paved roads and turn pikes or in aid thereof, throughout said consolidated

PEOPLE AVOID YOU IF YOU ARE PIMPLY

A boy or girl may have ever so perfect a face, neck and poise, but if even one little pimple, blotch, bump or red spot shows, it ruins their whole appearance. You know how true this is, because you just naturally avoid people whose appearance is not pleasing.

These things are no longer to be endured, however, because thousands of people are getting rid of the worst and most stubborn cases of such skin diseases easily and quickly by using Black and White Ointment and Soap. It seems like magic to eczema, ringworm, itch, "breaking out," etc.

Dealers everywhere are recommending Black and White Ointment, and Soap, now. They are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the liberal 25c size.—(Adv.)

tion, and in addition thereto, there shall be posted other copies of this order at three public places in said consolidated district, for three weeks prior to the date of said election.

The County Judge is hereby directed to cause said notices to be published and posted, as hereinafore directed, and further orders are reserved until the returns of said election shall have been made by the duly authorized election officers and received by this Court.

ALONG THE SIDELINES.

PRINCETON—The varsity went through three hours of hard drill in a defensive practice against Yale play, omitting any scrimmage in accordance with Coach Bill Roper's policy of no scrimmage in practice.

NEW HAVEN—Coach Tad Jones sent the varsity through a two-hour signal drill rather than take any chances on injuring his team in scrimmage. He will probably adhere to that schedule the remainder of the week.

CAMBRIDGE—A long expected change was made in the Harvard line-up when Captain Greenough was shifted from tackle to centre which position he played last year.

WACO—Aerial defensive was the theme drilled into the Baylor Bears by Coach Bell today in preparation for the decisive conference game with S. M. U. at Dallas Saturday.

AUSTIN—Second string men largely fill up the ranks of the Longhorns in the T. C. U. game at Fort Worth Saturday, Coach Stewart indicated, in an attempt to avoid injuries to regulars and preserve a strong line for the balance of the season.

DALLAS—Aerial offensive work and a short period of skull work was prescribed for the Mustangs by coach Morrison. S. M. U. meets Baylor here Saturday. Both teams have a perfect conference seasonal record.

FORT WORTH—Routine practice was ordered for the Horned Frogs today in preparation for the Longhorn invasion Saturday.

Rice, Baylor and S. M. U., the three undefeated teams in the Southwestern conference are putting forth every effort to come under the wire first for championship honors. Each have two conference games yet to play this season.

The Rice Owls meet the Texas Aggies at College Station and the Baylor Bears clash with the S. M. U. Mustangs at Dallas next Saturday. These games will be watched with much interest as at least one if not two of the present contenders will be eliminated, unless games end in a tie.

The fans have been a little sceptical about Rice this season but the Owl supporters are predicting that John Heisman will be the miracle mentor of the Southwest by producing a conference winner his first year at the Institution.

On Turkey day the Rice-Baylor game at Houston promised to draw about as much interest as will the Aggies clash with the lowly Longhorns at the Texas stadium. The Mustangs should not have any trouble with Oklahoma A. & M. at Dallas on Thanksgiving, as the Oklahoma boys are crowding Texas for bottom place in the conference standing. Oklahoma A. & M. has played only one conference game this year, being defeated by T. C. U. near the first of the season.

The only game in which the Longhorns have showed the slightest hint of football ability was the 7 to 7 tie with Florida. The crushing defeat by Frank Bridges Bears last Saturday left no doubt in the minds of the fans as to the strength of the Longhorns, who are but a shell of the team of former years.

The S. M. U. Mustangs have the honor of being the only team that has not suffered defeat from any opponent either in or out of the conference this season.

The cellar championship will probably be decided at Fort Worth next Saturday when the Longhorns clash with the T. C. U. Horned Frogs.

The Mexia Black Cats are confident that they will add another scalp to their already large collection this season when they meet Palestine next Friday, the team came out with a good many scratches from the hard fought victory over Groesbeck but it is not expected that any of Coach Poter's proteges will be missing from the lineup.

A majority of the critics have picked the Baylor Bruins to win over the passing Mustangs in Saturday's game, but if the Bears do not have any more success in breaking up the passing game than they did when they permitted the Longhorns to complete nine passes over their heads they are in for a good drubbing.

Jackie Coogan Receives Accolade As Knight in Order of Maccabees

A. W. FRYE, SUPREME COMMANDER, MACCABEES
SIR JACKIE COOGAN
DETROIT—Jackie Coogan is now "Sir Jackie Coogan" and the youngest knight in the world. The boy film star received the accolade of knighthood here as the climax of the city's reception to him at a meeting held in Jackie's honor at the Detroit Board of Trade. Jackie looked very small among the city officials and business men who ushered him to the speakers' stand, but he walked with the self-possession of a person used to the public. A city directory and a dictionary were placed in his chair to bring him to a level with the others. An automobile magnate wished to lift him up to it but Jackie declined and scrambled up to his seat without assistance. When he was in his chair with his feet dangling he did not look so much like the dignified center of attraction but like a very little boy with a chubby, happy face.

Real Estators To Visit Cuba

(By United Press)
DALLAS, Nov. 11.—Climaxing their annual business meeting, Jan. 11-16, members of the National Association of Real Estate Boards will take a 20-day mid-winter cruise from Dallas to Cuba, Jamaica, the Panama Canal Zone and Costa Rica. The "Parasmina," one of the steamships of the Great White Fleet has been booked for the voyage and will leave with the party from New Orleans. It is expected that the group attending the convention will be large enough to command exclusive use of the vessel.

Six Day Bike Race Starts On Nov. 28

(By International News Service.)
NEW YORK, Nov. 11.—New York's thirty-seventh international six-day bicycle race will be run in Madison Square Garden from November 28 to December 6. Tex Rickard, the manager of the races, expects to start sixteen teams. Clarence Carman, former American motor-paced champion, is now over in Europe, and he expects to sign up the best riders in Italy, France, Belgium, Switzerland and Germany.

from a compressed air tank, and it is claimed that a haystack can be dried by this means inside of two hours and at a fraction of the cost of other methods. The invention is the idea of the wife of the Director of Oxford University Institute for Agricultural Research, who thought of it while having her hair dried by the hotair method at the local hair dressers.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ. Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption. Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

CITATION BY PUBLICATION.

The State of Texas,

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded "to summon J. E. Winans, A. C. Norman, and Buckner & Wright by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Groesbeck, Texas, on the 1st Monday in December A. D. 1924, the same being the 1st day of December A. D. 1924, then and there to answer a petition filed in said Court on the 9th day of October A. D. 1924, in a suit, numbered on the docket of said Court as No. 5-05-A wherein Phil Karner is Plaintiff and J. E. Winans, A. C. Norman, and Buckner & Wright are Defendants, and said petition alleging defendants delivered to the plaintiffs three vendor's lien notes, each for the sum of \$4,243.33, due on or before March 7, 1922, on or before July 7, 1922, on or before November 7, 1922, respectively, payable to plaintiff, bearing interest at eight per cent. Said notes were given as part of purchase money for the following described land. All that certain tract or parcel of land, a part of the P. Varela XI League Survey in Limestone County, Texas, and being the Eastern portion of a seventy-seven (77) acre tract sold by Jack Womack to Phil Karner on March 16, 1920. Beginning at the N. E. corner of the said 77 acre tract, a stake at an old fence corner on the S. line of Tyler St.; Thence S. 84 deg. 8' W. 273 feet and S. 81 deg. 35' W. 125 feet to the

N. W. corner of this tract, a stake in the S. line of Tyler St.; Thence following the old fence of the said tract N. 65 deg. E. 1203 feet to its S. E. corner a stake at the fence corner, N. 36 deg. 29' W. 456 feet a stake at fence corner, N. 51 deg. 28' 323 B. 35 deg. 31' W. 715 ft. a stake at fence corner, S. 54 deg. W. 23' W. 320.2 feet a stake at fence corner, N. 35 deg. 05' W. 382.0 feet a stake at fence corner, and N. 3 deg. 33' W. 342 feet to the place of beginning, containing 38.19 acres of land.

Said property was conveyed by plaintiff to defendants, November 7, 1921. That each of said notes is due and unpaid, though often requested defendants refuse to pay any part of said notes, to plaintiff's damage in the sum of \$12,729.99. Said notes have been given to Keys & Mason, Attorneys, for collection. Plaintiff to pay Attorneys ten per cent for collection fee.

Plaintiff says defendants divided said property into what is known as Winans Addition to the City of Mexia, and plaintiff released Lot 4

in block 16 of said addition, but asserts that lien is valid against hereinafore described property, with exception of Lot No. 4, in Block 16. Plaintiff further says defendants are attempting to assert a Materialman's Lien on Lots 18 and 19, in Block 4 of said Winans Addition. Said lien constitutes a cloud upon title and should be held for naught.

Wherefore plaintiff prays for judgment for his debt, interest, attorney's fees, and costs of suit, and for foreclosure of his lien on above described land and premises, and that same be sold according to law; that officer executing said sale place purchaser of said property in possession thereof within thirty days after day of sale. And that the lien of the defendants Buckner & Wright, be decreed of no force against this property; and for such other and further relief, general and special, in law and in equity, that he may be justly entitled to.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you

have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this the 4th day

LIMESTONE GINS PASS 50000 BALES FOR THE YEAR

Tom L. Cox, Special Agent for the Government Census Bureau states that his last report for Limestone County, under date of November 1, showed that the gins of this county had ginned 49,764 bales from the crop 1924, as compared with 46,553 bales to the same date in 1923. Since then several hundred additional bales have been ginned, sending the total to more than 50,000 bales already.

He also pointed out that much cotton raised in Limestone county is ginned outside the county, pointing to that which is ginned from the county around Mart, and points in Hill County. The number of bales ginned outside the county which is raised in the county exceeds that brought to this county from other counties by many hundred bales. Should a record be made of all county raised cotton, it would likely show that around 55,000 bales have already been gathered by limestone farmers.

This is the best year the farmers have enjoyed since 1920, according to the census bureau. In 1921 the county ginned around 32,000 bales and in 1922 approximately 38,000 bales. Those years were made shorter by virtue of the oil activity in this section of the county. In 1923 there were around 19,000 bales.

Stewart Picks Baylor To Win The Championship

By E. J. STEWART
Athletic Director Texas University
(Written for United Press)

AUSTIN, Texas, Nov. 12.—Last week end's results in the Southwestern conference brought Baylor prominently to the fore in the championship race, as I predicted before the season started.

Baylor played, by far, the best game that any team has played against the Longhorns this year and I believe will defeat both S. M. U. and Rice unless weakened by overconfidence or some other of the epidemics that have struck certain conference teams this season.

Bridges has been very fortunate in keeping his team intact but the same good fortune has fallen to Morrison at S. M. U. If either of the two are hit by an injury epidemic such as the type that laid Texas and T. C. U. low, championship hopes are gone.

Rice, of course, must be considered seriously, as they have two games to their credit with no defeats, and yet I feel that they do not have a fifty-chance to get by both the Texas Aggies and Baylor. In fact, Coach Heisman is deserving greatest credit for what he has done with the lovely Owls if they do not win another game.

Texas, as was expected, failed to show the punch of the 1923 team and has had to attempt to put over touchdowns with forward passes—a style of game unfitted to her players, who are too light to buck the line and not swift enough to pull trick formations.

My prediction for the first three places at the end of the season at this date, would be 1. Baylor, 2. S. M. U. and 3. Texas Aggies.

Baylor has a tricky and yet powerful team capable of putting across power and deceptive plays—which may be good for ten of fourteen points in the coming Baylor-S. M. U. game at Dallas Saturday.

S. M. U. appears to have a team capable of slipping across one touchdown against any kind of opposition via the aerial route, but does not impress me with the driving power of Baylor.

The Aggies, according to reports of my scouts, have power mixed with a few long passes, and have finally hit their stride at line punching. On the other hand, Rice, the remaining contender, does not have the power, in my opinion to go through the strong lines that she will encounter during the balance of the season.

Baylor 14—S. M. U. 7.

Aggies 14—Rice 0.

Texas 0—T. C. U. 0.

These are my predictions for the coming week-end games. The Oklahoma Aggies and Arkansas U. have opposition outside the conference with which I am little acquainted.

S. M. U. Colts Win Over Westminster In Gridiron Game

DALLAS, Nov. 12.—Outplaying the Westminster Junior College team in every department of the game, the S. M. U. Colts handed the ma 28 to 0 drubbing on a muddy field at Ownby Oval Monday. The scoring was in the first, third and fourth quarters. Early in the first quarter, Hemmell for the Colts got off a long kick with the wind which went to Westminster's one-yard line. On the next play the whole Colt line charged through and blocked the

HOME DRESSMAKING

By JEANNE ROLAND
(Copyright 1924 by Fox-Art Service, Inc.)

Negligee of Crepe and Lace

Slenderly Straight of Line

This lovely negligee is graciously designed in silk crepe and really constitutes that pleasing and practical garment, the hostess gown, so quickly slipped into to make one instantly presentable.

Three and one-half yards of silk crepe 36 inches wide and four yards of lace edging, plus simple straight lines, tell the smart story of this negligee. The kimono sleeves are lengthened with sections of self-material slashed at the back and trimmed with the lace. The lower edges of the sleeves and edges of the jabot rever are piped.

Because of the slash in the sleeve, the home dressmaker must exercise care in putting on the lace. Carefully observe Fig. I, which shows how the lace must be turned at the upper edge of the slash in the sleeve, to make a perfect mitre. Turn the lace so that the lower edge of the turned section meets squarely the edge of the strip which has been sewed on lengthwise. It is best to baste the lace into place first, so that it will lie flat and smooth. If there is any sign of bulkiness, the trimming that is overlapped may be cut away.

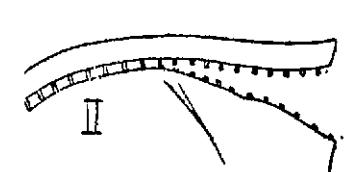

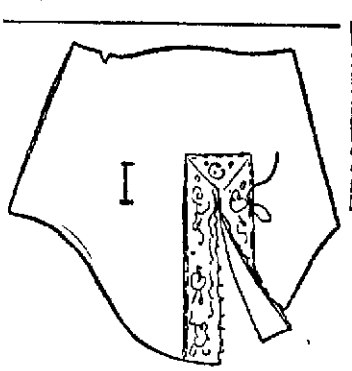

Fig. I.—Lace basted on slashed sleeve.

Fig. II.—Hemstitching cut to form piped edge.

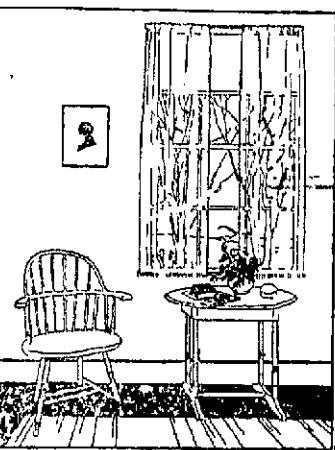

Fig. II shows how to cut the hemstitched edges of the sleeves and jabot collar to give the piped effect. The professional hemstitchers have achieved such a degree of perfection in this work, that it would, perhaps, be better to have the hemstitching done by machine, after which the home dressmaker could cut the stitches herself. Most of the sewing-machines nowadays also carry hemstitching devices which help greatly in making this form of trimming.

Colonial Interior Curtains

IT IS generally agreed that old-fashioned hooked or braided rugs, antique furniture, old pewter and glass lamps, framed samplers and patch-work quilts should be used together to create the old-fashioned atmosphere so popular now. A few there are who are fortunate enough to inherit genuine antiques that have a family interest. Most people are content to buy their antiques anywhere they can find them, even at some of the shops that are suspected of "reselling" antiques.

But nobody offers for sale, or indeed, ever seems to inherit, any window curtains. What did our great-grandfather hang up at their windows, to keep the neighbors and passers-by from looking in on the privacy of their home life?

One tests the great-grandfather's Grandmother, in good old Colonial days, had nothing more than ruffled muslin at her casements, and probably it was stilly starched, and thick, and durable, and ugly. Even the most wide-eyed lover of the antique can hardly follow suit and hang anything so unattractive at the windows, just to achieve a "colonial

interior." The manufacturers have met this need, however, by creating lovely new nets, sonorous on the order of flax, to use in colonial style. The distinctive window with hood, old furniture, pewter plates, and

punt. Three linesmen had the ball covered for a touchdown.

The Colts scored again when Quarterback Mann caught a hard pass and fell over the goal line. The second quarter was fought bitterly with neither side threatening dangerously to score. In the third quarter Westminster made a determined effort to score but was turned back after they had driven inside the S. M. U. twenty-yard line. The Colts rallied and pushed up the field on end runs and passes. With first down on the Westminster seven-yard line the touchdown looked easy. Two bucks put the ball on the one-yard line. On the next play Atterbury went over but fumbled. The ball bounced back on the field and Mann, playing alertly, scooped up the ball and skirted end for the score.

The last touchdown came on the last play when Sullivan, who had played a stellar game the first half, substituted for Sessions at end. Mann through a long pass over the goal line which the fleet Sullivan caught smoothly.

Defensive stars for the Colts were Brown at guard. Peeples and Tatum at tackle, Atkinson, Wolf and Hemmell played best in the backfield.

Westminster ends for good gains. Mann passed well in spite of a "rummy" ball. Westminster fought stubbornly but showed steady offensive strength only once when they made three straight first downs.

Hemmell, half, and Fraley, fullback, for the Colts, were both taken from the game with twisted knees. While Hemmell, a transfer would not be eligible if badly hurt, Fraley will be sorely missed in the game with Terrell School. The game with Terrell is the last of the season for the Colts.

Lease Pirates Are Connected Up In Scandal Charges

(By United Press)

MUSKOGEE, Okla., Nov. 12.—The attorney general of Oklahoma will be summoned to aid in investigating "serious" charges uncovered late yesterday by the congressional Indian affairs commission meeting here. Representative H. P. Snyder, New York, indicated to the United Press today.

The charges were uncovered when M. T. Eggleston, Denison Texas was testifying before the commission which is making a survey of the work of county probate courts in Oklahoma in handling affairs of 15,000 Indians of five restricted tribes in the state.

Eggleston testified that "there are twenty lease pirates" working in Oklahoma in collusion with certain county judges to lease valuable oil lands owned by the Indians at trivial sums.

The accused judges will be summoned before the committee today, Snyder said.

Nursery Fittings

Many problems of health and discipline are solved by giving the child a little room of his own, where the temperature may be always kept just right, and where he may scatter his small possessions all over the floor without incurring grown-up wrath.

Simple painted or enamel furniture in white, cream or gray, gay nursery wallpaper, bare floor with washable rugs, and a dainty color scheme, usually pink or blue, make almost any little room over inexpensively into a charming nursery, restful and hygienic.

Everything should be easily cleanable, and the little bed should be equipped with fluffy, dainty blankets in the accepted color scheme. Children always love pictures, and for this reason the charming Nashua story-land blankets, with all the famous Mother Goose characters scampering over the surface, are sure to please the child.

Appeals in a divided opinion held that the transportation of any amount of liquor for beverage purposes is a violation of the law. The Dean law amendment ruled that a quart or less is legal.

PUBLIC CONFIDENCE AND BUSINESS PROSPERITY ABOUND

MARKET ENTERS UPON SEVENTH MOMENTOUS DAY

(By United Press)

NEW YORK, Nov. 12.—Clerks in commission and brokerage houses again worked through the night to handle an avalanche of orders from all parts of the nation as the stock market entered the seventh day of the great post-election bull market. Public confidence seemed unbounded and in the face of reports of business prosperity and expansion of industry traders were prepared for an indefinite continuation of buying wave.

The turnover in the stock exchange yesterday was 2,258,399 shares, railway and industrial issues going into new high ground for the year. Both the stock exchange and the curb market were taxed to capacity with a total of 541 stocks traded in, including copper and oil, and with rails for leadership in the speculative wave.

A total of 11,075,279 shares had been traded in since the election when the stock exchange closed last night. Fifty representative stocks showed a net gain of 4.13 per cent.

Two Are Held In Holdup Charge

(By United Press)

KANSAS CITY, Nov. 12.—J. B. Wright, Kansas City, and Marcell Vandepopulier, laborer on Wright's farm in Clay county, are being held today in the county jail at Liberty, Mo., on a charge of having robbed the People's State Bank in North Kansas City Monday of \$4,000. In a purported confession by Vandepopulier, Wright is named as having been the man who planned the hold-up. Suspicion fell on the two men when they reported that the robbers had stopped at the farm.

KANSAS CITY USES RIVER FOR WHEAT

(By United Press)

KANSAS CITY, Mo., Nov. 12.—This inland city for the first time in history recently established connection by way of the Mississippi river with the Gulf of Mexico.

Five hundred thousand bushels of Kansas wheat shipped through Kansas City floated down St. Louis, Mo., out to sea and to European markets with a saving over rail transportation of 2 cents a bushel, or \$10,000.

The barge line which moved the wheat now will extend its service direct to Kansas City via the Missouri river.

The wheat was loaded in St. Louis from freight cars and ten days later it was in storage elevators at New Orleans.

The second shipment totals 700,000 bushels and is son to get under way, bringing the total bushels of wheat transported down the river to 1,200,000 bushels, and representing a saving in transportation of \$24,000 to the shipper.

MAN WHO BUILT ELECTRIC CHAIR WAS EXECUTED

(By United Press)

COLUMBUS, Ohio, Nov. 14.—Since the electric chair was introduced into the Ohio state penitentiary here, it has claimed 101 lives. It is also a notable fact that the man who built the electric chair died in it. His name was Charles Justice and he had two weaknesses. One was a mania for experimenting with electricity and the other was for stealing. For the latter he served three terms in the big Spring Street prison and while "doing his third stretch" he designed and built the chair.

MRS. HARDING REPORTED SOME BETTER WEDNESDAY

(By United Press)

Mexia Friendly To Westminster's Program of Growth

Many of the business men of Mexia are speaking encouragingly of the contemplated campaign to raise \$100,000 for Westminster College. The College is considered a great asset to Mexia, bringing to this section around 100 students annually from outside the community in which the college is located. Mexia is asked to raise \$10,000, which will be matched by \$90,000 raised elsewhere. The \$10,000 provides payment in four equal parts covering a period of four years.

Mexia citizens are very friendly to the institution and are anxious to see it prosper and become a much bigger one and they realize that in any expansion program they should be called upon to have a part.

NATIONS LEAGUE TO CONSIDER MILITARY PLANS

(By United Press)

GENEVA, Nov. 12.—The permanent advisory commission of the League of Nations Council on military, naval and aerial questions convened here today for the purpose of perfecting the League organization that will eventually take over from the Allies the military control of Germany, Austria, Hungary and Bulgaria.

The final plans as prepared by the commission at the present meeting will be submitted for approval to the next meeting of the council at Rome and it is shortly after that, or early in January at the latest, that it is expected the Allies will turn over to the League, as provided in the various peace treaties, the task of seeing to it that none of the ex-enemy countries seem to exceed the armaments that were fixed for them in those treaties.

With the final transfer of this task to the League, the latter's permanent advisory commission on military, naval and aerial questions will become one of the most important organizations in Europe. It will be this commission which will be charged with the surveillance of the ex-enemy states and it is concluded that it will be a large extent hold the peace of Europe in its hands. It is expected as a consequence that the commission will be in almost permanent session at Geneva, at least for a number of years to come.

The commission as now constituted, consists of one military, one naval and one aerial expert from each one of the members represented on the council. Namely England, France, Italy, Japan, Belgium, Spain, Sweden, Czechoslovakia, Brazil and Uruguay.

The general lines of the plans of organization with which the League will take over the military control of ex-enemy states were agreed upon during the meeting of the league council and assembly in September.

The present session of the League's military advisory commission is for the purpose of executing the decisions taken at that time.

Under the plan agreed upon the League's permanent military, naval and aerial advisory commission will not have the right personally to make investigations in any of the ex-enemy states. It will, however, be the organization that will be charged with receiving all complaints and information to the effect that any of the ex-enemy states are exceeding the armaments allowed them under the peace treaties and to order an investigation by special commissions created for each case.

CONSTABLE OUT ON BOND OF \$1,000

(By United Press)

WACO, Texas, Nov. 12.—V. S. Lewis, constable, was at liberty today upon \$1,000 bond today in connection with the fatal shooting of Ike Morgan at Crawford near here late yesterday.

In a statement to officers, Mrs. Morgan, wife of the dead man, declared the killing followed attempts of the officer to gain custody of her sixteen-year-old daughter.

MISS HUGHES AND OTHERS MAKE NEWSBOYS HAPPY

Armistice Day was another memorable occasion in the life of Mexia newsboys. It was the day to which they had long looked forward, the occasion marking the third anniversary for them of gifts by Miss Genevieve Hughes and other friends here who are anxious to help them get started right in life.

Miss Genevieve, making good her promise to give \$100 to the Mexia newsboys as long as she resided in the city.

Heretofore, the money has been thrown to the pavement and each newsie was permitted to scramble for what he could get. On this date, the plan was changed so that the small boy would get an even break with the larger youths. There were 28 newsboys of the city entitled to participate. The \$100 was divided equally among the 28 boys, Miss Hughes thus making an armistice day gift of nearly \$4 to each lad.

In addition to this, Ben Smith, Vice President of the Prendergast-Smith National Bank continued his custom of encouraging fundamental principles of saving and presented the 28 boys with a pass book showing one dollar each deposited to their credit. Some of the boys who were participants last year and the year before were in this third event also, while the new newsboys were also given their dollar and pass book.

"Pat" Box, manager of local theatres, gave each boy a pass to any show in Mexia.

L. A. Simpson of the Chocolate Shoppe added a sack of candy to the gifts received by each boy.

For all of the 28 it was a perfect day, and one which brought them plenty of peace of mind. They are being given every encouragement to save their money and to increase their bank deposits.

The transactions were consummated at the office of the J. K. Hughes Developing company.

Miss Hughes was assisted by Miss Marguerite Smith and Joe McCarthy.

JURY INSTRUCTED TO RETURN "NOT GUILTY" VERDICT

(By United Press)

BALTIMORE, Nov. 12.—Judge Morris Soper, in charging the jury in the case of Congressman John Phillips Hill in the federal district court here, instructed the jury to bring in a verdict of not guilty on nuisance counts in the indictment. He told the jury that in other counts, charging manufacture and possession of intoxicating wine cider one question for them to determine was whether these beverages are intoxicating "in fact."

EVANGELIST WILL PREACH ON THE OUTCAST OR LAST CALL

A large crowd attended the revival services being conducted under the auspices of the First Baptist church, at the big tent, Tuesday night. Despite the rain, the tent was crowded.

Prior to the sermon, patriotic songs were sung and a scene enacted showing the death and conversion of a soldier.

Many additions to the church marked the meeting.

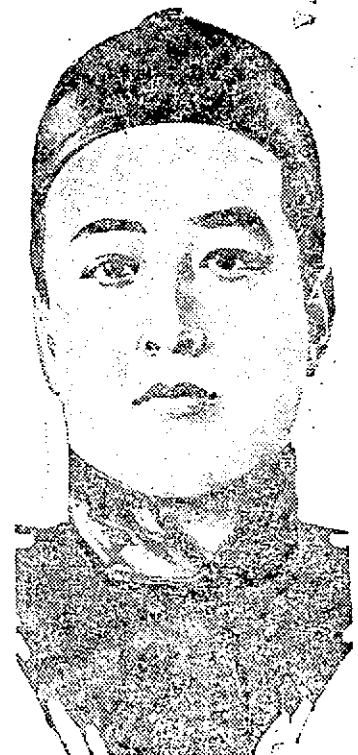

Evangelist Starnes will tonight preach upon "The Outcast or Gods' Last Call."

The public is cordially invited to all services.

May Be Bride of Prince of Wales

Princess Ileana of Rumania, whose mother, Queen Maria, is supposed to have an "understanding" with the Prince.

There are those who say that the Prince of Wales and the Queen of Rumania have an excellent understanding. "If that be true then the prince's fate is sealed. He is dealing with a woman who gets her own way." The little Princess Ileana is young and beautiful, but what is far more to the point, her mother is one of the cleverest diplomats in Europe, and has already seated two of her daughters on thrones. She went to the Paris Peace conference armed with 64 gowns, 22 fur pieces, 81 coats and 80 pairs of slippers, and with feminine charm outbattled the entire corps of diplomats.

In an article in *Hearst's International* for November, Mabel Fort Duggett tells of an interview with the queen, at the time of the Paris Conference. The interview evolved into a heart-to-heart discussion of feminine strategy, (older and subtler than all the wisdom of prime ministers) and into a visit to the queen's boudoir. There was "the little gown trimmed with point de Milan for the reception at the Italian embassy," and "the white mousseline-de-soie with the hand-painted rosebuds that Mr. Lloyd George would like," and "the gown of cloth of gold in heavy gold embroidery especially designed for a luncheon with President Wilson."

"Yes," the queen told her interviewer, "one must have clothes, and the wit to wear them, too. One must have looks. Then one must have charm. And the greatest of these is charm."

THE CAN OPENER IS SWATTED AT MEETING OF DENTISTS

(By United Press)

DALLAS, Texas, Nov. 12.—The can-opener, if allowed to continue its unrestricted course, will make the American people of the distant future a race of Andy Gumps.

Such was the prediction, although not in so many words, of Dr. W. A. Griffin, president of the American Dental Association, in its sixty-sixth annual convention here today.

The growing favor of the American people for prepared foods, which require little physical effort for mastication, will result in under-development of the muscles of the lower jaw and its eventual disappearance, according to Dr. Griffin.

Preponderance of pre-digested foods was also blamed by the Association president for a large percentage of imperfect teeth in America today. "Lazy eating" does not allow the salivary glands of the mouth to function properly, as was the case in the days when our forefathers wrestled with jerked beef and other obstinate eatables, the doctor pointed out.

Improper eating and the resultant inadequate movement of the salivary fluids also acts as a destroying force upon the gums and making the lower sections of the teeth easy prey for diseases, it was shown.

To offset the injurious line-up, Dr. Griffin offered a combative agency—education. Despite the prevalence of mouth disorders, the teeth of the American people are in better condition than ever before in history, Griffin said, attributing this fact to the educational campaign carried on through the schools and public health departments.

As soon as a kid is big enough to have teeth, it's big enough to have 'em washed, Griffin said. "Start with the child. Make the daily tooth brushing as much of a child's life as was that of washing the face and hands. Both will become second nature, he declared, adding, "proper care of the mouth by the individual daily beats a visit to the dentist once a month."

AGED LIMESTONE COUNTY CITIZEN DIES TUESDAY

GROESBECK, Texas, Nov. 12.—J. B. Jordan, 86 years of age, and for more than fifty years a prominent farmer of this county, died at his residence eight miles west of Groesbeck Tuesday morning and was buried in Glenwood Cemetery in this city Wednesday afternoon. He belonged to no lodges or secret organizations but had been a consistent member of the Methodist Church for the greater part of his life. He accumulated a competence early in life and had always taken an active interest in the moral and political welfare of his community, county, state, and nation. His wife died several years ago. He leaves the following children: Four sons, Felix Jordan and Burns Jordan, now living in New Mexico, D. C. Jordan of Oklahoma City, and B. W. Jordan of this county, and three daughters: Mrs. J. C. Patterson, Mrs. J. W. Childress and Mrs. L. G. Gazzaway, all of this county.

SCHOOLS DISMISSED IN HONOR OF MEMBER OF BOARD NOW DECEASED

The schools of Mexia were dismissed at noon Wednesday, out of respect to A. D. McDonald, vice-president of the Mexia Board of Education, who passed away at his home here Tuesday morning. Funeral services were arranged to be held at the Central Presbyterian church at 3:30 o'clock today, burial following in the Mexia cemetery.

Prayer meeting services will be held at the Central Presbyterian and First Presbyterian churches tonight. Since Rev. W. B. Andrews of the Methodist church is at Conference at Brownwood, this congregation will not have prayer meeting.

Million Dollar Mail Robber Goes To Trial

(By United Press)

CHICAGO, Nov. 12.—Bert Holiday decided to follow the course taken by his leader, Brent Glasscock, and pleaded guilty just before the trial opened.

Jeff and Joe Newton also entered pleas of guilty. Willie and Willis Newton, brothers to Jeff and Joe, previously had gained pleas of guilty.

Two others, one of whom is Wm. F. Fahy, postal inspector, are under indictment for planning of the bold hold-up.

GROESBECK HAS BIG ARMISTICE DAY PROGRAM TUESDAY

GROESBECK, Texas, Nov. 12.—This city celebrated Armistice Day by closing practically every business house in town and attending the exercises held by various organizations. The principal exercises were held in the High School Auditorium. There were exercises by various classes in the morning at 10 o'clock followed by the Historical Pageant in the evening at 7:15. This depicted the development of the nation from the rule of the Indians through the coming of Columbus, the landing of the Pilgrims, the Union of the Blue and Grey, and the participation of Americans in the World War and world peace. The teachers had the assistance of the Shakespeare Club and others of the city in making this the great success it was.

CONROE, Texas, Nov. 12.—Three men were electrocuted and another was seriously burned when they came in contact with a 2300 volt wire that had fallen across the sidewalk.

The dead—J. R. Beakely, W. C. Rye of Milvild, Texas, and Travis Rye, of Taylor, Texas. Leslie Harris was injured but is expected to recover.

Leopold Is Now English Teacher In Joliet Prison

(By United Press)

JOLIET, Ills., Nov. 12.—Nathan Leopold, serving life in the state prison here for his share in the murder of Robert Franks, is now a professor of English on the prison faculty.

Next week Richard Loeb, partner in the crime, will also become a member of the faculty and act as teacher in arithmetic.

The teaching will not conflict with their regular work in the prison factories, Warden Whitman stated in announcing the step. Icoppe gives two hours a night to prisoners interested in acquiring a better knowledge of the English language. Loeb also will devote two hours a night to his class.

For their first time since the millionaire youths entered jail, two months ago, they met and talked yesterday. It was during the holiday movie performance—Armistice Day is a legal holiday in Illinois—and they took advantage of the milling around to meet and chat.

BORAH SUCCEEDS LODGE ON IMPORTANT COMMITTEE

(By United Press)

MOSCOW, Nov. 12.—Senator Borah's assumption of the chairmanship of the foreign relations committee following Senator Lodge's death is looked upon as hastening the conclusion of amicable relations between the United States and Russia. It is believed here Borah's influence "will quicken Secretary Hughes yearning to enter the ranks of the tired businessmen."

AGED MOTHER FOUND ON LONELY HIGHWAY

(By United Press)

ZANESVILLE, Ohio, Nov. 12.—After being missing ten hours, Mrs. Mary Christy, 80, mother of Howard and Chandler Christy, New York artist was found by a posse early today by a side of a lonely road half a mile from her home. She was suffering from exposure and could give no explanation of her disappearance. Physicians said her condition is serious.

C. OF C. DIRECTORS TO MEET WEDNESDAY NIGHT

The Board of Directors of the Mexia Chamber of Commerce will hold an important meeting at 7:15 tonight, at the Topic cafe, where a banquet will be served prior to the business session. All directors are urged to be present by President Hardy Eubanks and by Secretary Jere Cason.

BEDFORD, Nov. 12.—Another resident of the Elks national home died here, raising the death toll to ten. The victim was James Collins of New York.

AN ULTIMATUM.

(By United Press)

BERLIN, Nov. 12.—With subways and elevated lines both tied up by strikes, management of the city public utilities has delivered an ultimatum to the strikers ordering them to return to work today (Wednesday) or be discharged.

Ben Hartley of Dallas was a business visitor to Mexia Wednesday.

MEXIA COUNTRY CLUB MEMBERS WIN TUESDAY IN CONTEST

Hardy Eubanks and Harry Forrest Tuesday attended a golf tournament tendered by the Corsicana Country club to participants from many cities in this section of the state.

There were 66 entries from Corsicana, Hillsboro, Waxahachie, Ennis, Mexia and other points and the contests were close and exciting. The Corsicana club tendered a banquet to the visitors Tuesday night.

In the events, the Mexia golf club ranked high, Mr. Eubanks winning fourth prize, which was an automatic windshield wiper given by Jackson Brothers and Harry Forrest won ninth place.

It was declared to be one of the most enjoyable affairs in the history of the Corsicana Country Club.

A SURPRISE DINNER FOR MRS. R. L. BURCHFIELD

(Mart Herald)

The children of Mrs. R. L. Burchfield surprised her with a nice turkey dinner on her fifty-fourth birthday.

Mrs. Burchfield's father, J. H. Fife, and brother, H. C. Fife, of Mexia, were present at the birthday celebration. Others present were: Mr. and Mrs. E. L. Burchfield and daughter, Lounette; Mr. and Mrs. J. E. Burchfield and son, James; Mr. and Mrs. Leo Schneider; Mr. and Mrs. E. M. Bruce and son, Robert; Mr. and Mrs. C. L. Turner and son, Curtis, Jr.; and Mrs. R. A. Bruce and Miss Woodruff.

All of Mrs. Burchfield's children were there except one daughter, Mrs. O. F. Pitts of Mexia.

After every one had partaken of the bountiful supply of turkey, dressing, salads, vegetables, cakes and pies of various kinds, some snapshots were made to remember the happy occasion.—Contributed by a friend.

Age Transformed Into Youth When Silver Hair Is Changed to Gold

CHICAGO — Grandma's gray hair is becoming a thing of the past. Eighty percent of the women past 60 in the United States are tinting their hair and within ten years "silver threads among the gold" will be only a memory, Neal R. Andrews, New York hair specialist, told a convention of cosmeticians here.

"This does not mean that grandma has developed the flapper complex and has forsaken her knitting for synthetic gin, Turkish cigarettes and netting parties," said Mr. Andrews. "It means that she refuses to be a back number consigned to flaxseed tea, old lace and dimities."

"Grandma's spirit is still young."

But she knows that gray hair is popularly associated with senility. Therefore she must look young if she is to make effective her youthful capability. This she achieves by tinting her hair.

"Until recently many commercial dyes contained injurious chemicals, the most poisonous of which was paraphenylenediamine, which damaged the scalp and hurt the skin. Discovery by chemists of a new coloring preparation which is harmless in its action on the organism of the hair, contains no destructive chemicals and becomes a permanent part of the hair, impervious to sunbathing, water or curling, has made it safe for women to tint their hair."

GIRL BORN TO MR. AND MRS. R. Z. MCGOWAN

News was received here from a Waco hospital Tuesday morning of the arrival of a bouncing baby girl to Mrs. R. Z. McGowan of Mexia. Mr. McGowan is an official of the Pure Oil Company here. The mother and babe are reported doing nicely.

GORE MAY BE MADE NEW CABINET MEMBER

Newest Thing in Curtains

HERE is noticeable a distinct revival of the lace curtain. But the new laces bear absolutely no resemblance to the stiff and heavy English Nottingham of yesteryear. The new nets and laces, which are the correct glass curtain of today, are all developed in soft, though durable cotton yarns, and in lovely, restful tones of deep cream, ecru, sunshine or amber. White is as out of date as stiff Nottingham, and the new Marquesan, Escala, Shantung, and other laces are never white and never stiff.

W. S. Beson Dies At Nacogdoches Tuesday

News was received here Tuesday morning of the sudden death of W. S. Beson, 60, banker of Nacogdoches who died of heart failure early Tuesday morning. Mr. Beson was a brother-in-law of Phil Karner of this city, is the father of Misses Emmie and Louise Beson employees of the Pure Oil Company and Francis Beson who is attending high school here.

Mr. and Mrs. Phil Karner and the three children left immediately upon receipt of the message for Nacogdoches, the funeral is to take place there Wednesday afternoon. Mr. Beson is survived by his wife, formerly Miss Fannie Karner of Mexia, and nine children.

The Boy's Room

Don't try to make the boy's roomainty, for he will hate it, and you will hate the way he treats dainty wallpaper, rugs, bedspreads and other accessories. Let him have a plain wall, upon which he may tack posters and pennants to his heart's content. Give him sturdy furniture, a bare floor, or else a very serviceable rug which will not show spots, and make the room look as much like a sitting room as possible, for it is there he will love to take his boy friends. Avoid dainty bedding for the boy. For the couch, a serviceable cover, perhaps an easily washable Nubian Indian blanket, and for the bed, manish looking brown and tan in swaggy English checks, or sturdy, not easily soiled, grays.

NOTICE.

On the tenth day of November A. D. 1924, the Commissioners' Court of Limestone County, being in regular session, at a regular term thereof, came on to be considered the matter of apportionment and distribution of the proceeds of bond election, and the sale of such bonds, this day ordered for road purposes in consolidated Road District No. 4, composed of old road districts No. 4, No. 12, and No. 16, of said county, and it appearing that the sum of \$271,000.00 thereof will have to be used and applied to taking up and retiring outstanding bonded indebtedness against said old road districts No. 4, No. 12 and No. 16 and that there will be \$1,300,000 for the purpose of construction and improvement of roads in such consolidated district No. 4.

New Wing of Metropolitan Museum Devoted to American Art

Contains Identical Rooms From Early American Homes From Colonial Period Onward

FRONT OF NEW AMERICAN WING IN CENTRAL PARK, NEW YORK AS RECONSTRUCTED STONE BY STONE, FROM THE OLD U.S. ASSAY OFFICE.

NEW YORK, Special.—A new American Wing has been presented to the Metropolitan Museum of Art by its President, Hon. Robert W. de Forest, and by Mrs. de Forest. It will be devoted entirely to exhibits of early American history. It will be formally opened in the near future. Many of the rooms in the new three-story building have been installed with the identical walls, ceilings, doors, windows and woodwork taken from the originals, which they represent. Among exhibits will be rooms, furniture, fireplaces, silver, art, color, relics in an historic atmosphere replete with vivid portrayals of noted Americans.

There are eighteen exhibition rooms forming a remarkable sequence of early American history during the Colonial, Revolutionary and Republican periods. Each room has been taken from some of the old homes in the territory embraced by the original thirteen states. Even old hand made bricks, and in many instances the wall paper, have been replaced in the new wing. The exhibits are the result of a fifteen years' collection.

The famous old ball room in Gadsby's Tavern at Alexandria, Va., erected in 1793 where General and Mrs. George Washington were feted on his birthday celebration, February 22nd, 1798, and where Lafayette dined has been brought into this new wing. Every inch is the identical wood used throughout the construction of the historic old ball room. The windows and musicians' gallery are placed in their exact location. In short the ball room has been placed in the museum just as though it were bodily raised and carried to New York. This is characteristic of nearly every other room and exhibit in the new wing.

In a few places materials which have withstood the ravages of demolition and fire and which were in such a state that a removal was impossible, the Museum has made a perfect substitute marking each piece that is not original. Seventeenth century rooms of an architectural pretension were impossible to secure and to keep in harmony with the historic interest throughout, the Museum constructed two such rooms and intervening hallways.

The south facade of the building is the marble front of the old Assay Office at 15 Wall Street and dating back to about 1822. Upon being torn down it was discovered by Mr. H. W. Kent, Secretary of the Museum. Mr. de Forest bought the stones, numbered them and piled them in a lot near the Museum. Today they have been placed stone by stone in their old position. Even the foot-worn threshold over which millions of dollars have passed is in its new place.

The new wing contains many of the finest collections in the country. The famous Bolles Collection of early American furniture has been secured. Clearwater's Collection of Silver, Charles the Second Pewter, Charnelion Pewter, Collection of Dutch Tiles by Mrs. Frederick Allen, the Palmer Collection showing the gradual evolution of interior decoration and other famous relics have been purchased or loaned.

The construction of the building and arrangement of the rooms and their contents has been done by leading authorities. The greatest care to make this exhibit accurate and authentic has been taken. The exhibits were proclaimed by a group of leading authorities to be the finest collection ever made of early American arts.

ECZEMA

You will be compelled to admit that the results of S.S.S. are really amazing!

MANY people imagine that eczema or tetter needs only some external application on the skin in order to get relief. This is because the attention of the sufferer is so violently directed to the intense burning and itching which accompanies this disease. Try as they may—permanent relief will never be theirs until the disease laden blood is thoroughly cleansed.

We know there is one thing that stops eczema and that is more red blood-cells! S.S.S. builds them by the million! You can increase your red blood-cells to the point where it is practically impossible for eczema to exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it. Skin eruptions, eczema, with all its fiery, skin digging torture, and its soul-tearing, unreachable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of Nature! S.S.S. builds them by the million! It has been doing it since 1826.

S.S.S. is one of the greatest blood-cell builders, blood-cleansers and body strengtheners known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red blood-cells, it rids eczema, clears the skin, builds firm flesh, fills out hollow cheeks, and gives you that more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

"For Mexia, I Will"

THE NEWS' PROGRAM FOR 1924-25

(1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads leading into Mexia and all down town streets repaired. (7) Lime mines developed at Tehuacana. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More goods roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) a growing "trade-at-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship, free from jealousy, envy, strife and other dwarfing discordant influences that tear down and blight many a city in the making.

Tammany Hall as a nation wide influence has grown less as the population of the country has grown greater. There was a time perhaps when its efforts won victories country wide, but in recent elections its influence won only one office, that of the governorship of New York and it dimmed the hopes of the Democratic party in the national elections by its efforts at Madison Square Garden when the National Convention assembled there. Tammany is a democratic political organization in New York City. It was named in honor of a noted Indian Chief, St. Tammany, founded May 12, 1789 for benevolent, fraternal and social purposes. Eventually it became a political body within a political party, controlling local and sometimes state government and often having a hand in national party affairs. The society was formally chartered in 1805. Its power has so waned that its influence is gained chiefly from what is known as East Side of New York City and across the river in Brooklyn.

Italian daily newspapers are deploring the results of the American general election of this month. They say that the present administration is "Imperialistic." What they want and what Italy wants, of course, is an open door, a wide open gate policy, for the United States. Down with the bars and barriers, is the cry. It galls Italy to think that her people should be discriminated against and considered an undesirable element and the Republican party is blamed for the passage of the last immigration bill. As a matter of fact, that measure was largely due to the effort of Democrats, but some outstanding leaders of the party of the people probably deluded by some of Italy's leaders into thinking that that measure did not reveal public will and so blaming the Republicans have "dubbed" it "Imperialistic." If Italy, however, knew the great heart of America, she would know that there is no chance soon to break down the immigration laws which came just in time to save America for Americans.

Missouri's voters recently adopted an amendment increasing the pay of her legislators from \$5.00 to \$10.00 per day. Thus that state has decided to pay the makers of her laws nearly as much as they pay to carpenters who make their houses.

It was too bad that Mexia did not have an Armistice Day celebration Tuesday. The big handicap that stood in the way of a great mass meeting of patriotic citizens was that Mexia has no city or community auditorium to accommodate the crowds on such an occasion.

Before next Armistice Day, a day of Peace and Good will, Mexia should engage in a campaign to urge that every home here has an American Flag and a Holy Bible. The one represents the nation and the other "The Prince of Peace."

IF BACK HURTS BEGIN ON SALTS

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from

the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to

help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

HUMBLE MOTOR OILS

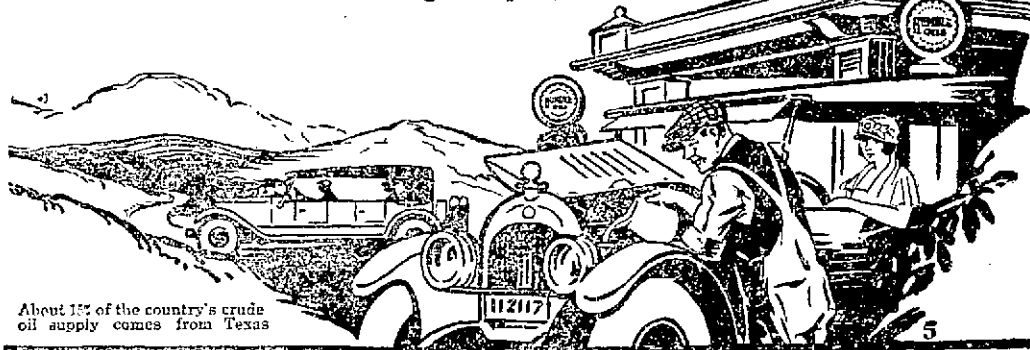

Unblended Lubricants From Cold Test Crudes

In order to get the desired viscosity, or body, many manufacturers blend their oils by mixing a heavy oil with a light oil in the correct proportion. This practice produces a "blended oil," the lighter portions of which quickly vaporize under the high temperature of the cylinder walls above the pistons—and the heavier portions leave a large residue of carbon when burned.

On the other hand, Humble Motor Oil is produced only from high-grade, cold-test crudes, and is "straight run." It is not mixed or blended. Humble Motor Oil is a clear, beautiful amber color, and has just the right "body" to properly lubricate all bearing surfaces in the motor and to stand up under the extreme heat to which it is subjected. Owing to the fact that it is unblended, there is but a small range between its lighter and heavier fractions, and it leaves but little carbon when burned.

Humble Motor Oil insures longer service life for the car.

LION CLUB HAS PATRIOTIC ARMISTICE DAY PROGRAM

The Lion Club meeting at noon Tuesday opened with patriotic selections sung by the club, led by Lion J. K. Aubrey, and from the beginning was a soul stirring Armistice Day program. Lion President Dr. M. Brown gave a fine talk that brought back memories of that awful struggle which came to a climax six years ago yesterday. He told of the joy and sorrow of an army hospital and gave a vivid picture of the sick and wounded boys upon receiving word that the world war was at an end.

The meeting of the club was furnished with excellent music, thanks to the musicians Chas. Clover, Frank Werner, Fred Scott and Werner Johnson who assisted in making the meeting one of the best of recent months. Many patriotic selections were played by the orchestra in which the club joined in singing. Several popular songs were also played which were greatly appreciated by all present.

Lion Clover Chairman of the program introduced Rotarian A. Garland Adair, who delivered the principal address.

Mr. Adair said, in part: "After this heart stirring, soul lifting program already heard, I am impressed with my unworthiness to say anything on such an occasion as this day commemorates. There are many others here more worthy than I am to stand before you to bring a message in keeping with the sacredness of this hour. I refer particularly to Major Marion Brown, your President, to Lions Dr. R. B. Jackson, J. K. Hughes, J. Deenberg and others who performed invaluable services, abroad or at home, while the world war was carried on."

"The remarks by Dr. Brown recall memories that rush to us through six fleeting years that have passed since the first armistice day. Because of these fadeless memories, we trust to be better Americans and it is gratifying for us to consider the fact that today millions of Americans, just as patriotic as we can hope to be, are celebrating this occasion and renewing their pledge to their beloved country. We are glad that patriotism is not bounded by municipal limits; not limited by state boundaries and we hope the time will come when our love for humanity will be such that the coasts and rivers and imaginary lines that mark the United States will not

confine us to a selfish national program, but that our country will do its bit in making the last world war the last.

There have been many changes in our country since the first Armistice Day, only six years ago. It seems but yesterday. Our political party government has changed and recently elections were held which approved the change. During the heated campaign, especially in Texas, much hard feeling was apparent, but the political campaign is now over and it seems timely to us that Armistice Day should come one week following the elections, reminding us that the hour has come for us to bury the hatchet and to sheath the sword and all work in unity and in brotherly love for the one common aim, the glory of the country for which our soldiers died. Indeed, this is armistice day, a day of peace and good will. Let us catch the spirit of the times, victor and vanquished alike and submit in the spirit of America to the will of the majority.

The speaker paid a tribute to the mothers of the men who fought with gun, reminding those present that the click of knitting needles played a prominent role in the outcome, the same as did the crash of armies in battle array.

He concluded by relating a story he heard during the war by a French Aviator, as follows:

"A young French aviator stated that his father was a veteran of France in the 70's when that nation lost its war with Germany. There then sprang up in the hearts of Frenchmen a hatred for the German empire and the German people which could not be satisfied until the Huns had felt the heel of a triumphant French foe. Following that tragic conflict, this aviator said that his father lifted him one day to his knee and said to him, 'My son you must learn to be a soldier; you must learn to march and obey commands; you must learn how to shoot straight; you must learn how to fight. For, your father fought and lost.'"

Then the young Frenchman said, after this conflict is over, I will be able to take my son on my knee and say, 'My son, you may go to school; you may study and work in peace; you may equip yourself for greater service to your country. You will not have to go to war. For your father fought and WON.'"

NOTICE OF ROAD BOND ELECTION.

State of Texas
County of Limestone
To the Resident Property Taxpaying voters of Consolidated Road District No. 4, Limestone County, Texas.

Take notice that an election will be held on the 15th day of December 1924, in and throughout said consolidated Road District No. 4, Limestone County, Texas, to determine if said county shall issue bonds and if a tax shall be levied in payment thereof in accordance with an election order entered by the Commissioners' Court on the 10th day of November 1924, which is as follows:

ORDER FOR ROAD BOND ELECTION IN CONSOLIDATED ROAD DISTRICT NO. 4, OF LIMESTONE COUNTY, TEXAS.

The State of Texas
County of Limestone

On this 10th day of November 1924, the Commissioners' Court of Limestone County, Texas, convened in regular session, at the regular meeting place thereof in the Court House at Groesbeck, Texas, the members thereof viz:

- H. P. Kirby, County Judge.
- E. R. Leach, Commissioner Precinct No. 1.
- J. R. Dulaney, Commissioner Precinct No. 2.
- Ed Andrews, Commissioner Precinct No. 3.
- J. M. Kennedy, Commissioner Precinct No. 4.
- J. L. Day, County Clerk.

being present, when there came on to be considered the following petition of B. S. Smith and more than fifty other resident, qualified property tax paying voters of the territory described in said petition as follows, to wit:

PETITION FOR ROAD BOND ELECTION IN CONSOLIDATED ROAD DISTRICT NO. 4, LIMESTONE COUNTY, TEXAS.

State of Texas
County of Limestone
TO THE HONORABLE COMMISSIONERS' COURT OF LIMESTONE COUNTY, TEXAS.

We, the undersigned, being more than fifty resident property tax paying voters in the hereinafter described and defined territory, designated and known as CONSOLIDATED ROAD DISTRICT NO. 4, LIMESTONE COUNTY, TEXAS, respectfully pray your Honorable Court to create and establish the territory herein defined as consolidated road District No. 4, of Limestone county, Texas, and to order an election in said district to determine the following proposition:

Whether or not the bonds of said consolidated Road District No. 4, of Limestone County, Texas, shall be issued in the sum of \$1,571,000.00

for the purpose of the purchase and construction of district roads and the further construction, maintenance and operation of macadamized, gravel or paved roads and turn pikes, or in aid thereof throughout such consolidated district as follows:

FIRST: Bonds to be issued in the aggregate of \$271,000.00 for the purpose of the purchase and construction of district roads in said consolidated district, and which bonds shall have the same dates of maturities, bear the same rates of interest, and have similar options of payment as the bonds heretofore issued and now outstanding against Road District Nos. Four (4) Twelve (12) and Sixteen (16) of said Limestone County.

SECOND: Bonds to be issued in the aggregate sum of \$1,300,000.00 for the further construction, maintenance and operation of macadamized, gravel or paved roads and turn pikes, or in aid thereof throughout such consolidated road district, and which bonds shall bear interest at the rate of 5 1/2 per cent per annum, and be made to mature at such times as may be fixed by the Commissioners' Court of Limestone County, Texas, serially or otherwise, not to exceed 30 years from date thereof.

WE FURTHER pray your honorable Court that at such election there shall also be submitted to the resident property tax paying voters of said Consolidated Road District No. 4 of Limestone County, Texas, the question as to whether or not a tax shall be levied upon the property of said Consolidated Road District subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The territory which we pray your Honorable Court to create and establish as Consolidated Road District Number 4, of Limestone County, Texas, is the same territory comprising Road District Nos. Four (4) Twelve (12) and Sixteen (16) of Limestone County, Texas, as heretofore created and established by the Commissioners' Court of said County, and said territory in the aggregate is described by metes and bounds as follows:

BEGIN at the Rocky Crossing Bridge on the Navasota River, being the corner of road district No. 4, as heretofore created; thence down the Navasota River with its meanders, passing the common corner of Road District No. 16 and No. 12, as heretofore created, and continuing with the meanders of said river to the division line of commissioners' Precinct No. 3 and No. 4, thence with said line in an easterly direction to where said commissioners' precinct line crosses the Houston & Texas Central Railroad cut-off on the Mexia and Prairie Grove public road (better known as the H. Chalif, Noted Dancing Teacher, Says Corsets Make for Morality

A WOMAN'S health, poise, trimness, peace of mind and even morals are insecure if she goes uncorseted, according to Louis H. Chalif, of New York, president of the Society of Dancing Teachers of the United States.

In a letter to a prominent clubwoman, Mr. Chalif takes a firm stand on the corset question. "Ever since the war brought the argument about the corset to the fore," he writes, "I have been studying the matter and I have come to the conclusion that no woman can afford to go uncorseted if she values health, physical poise, trimness and peace of mind. To this I might add good morals, although a woman's moral status is, first of all, dependent upon her own common sense."

Mr. Chalif is also vice president of the Union International des Choreographes and his school on West 57th street, New York, is a fashionable center for debutantes preparing for society, classical dancing and musical stage.

"In my business here," he continues, "I meet thousands of women of the better classes. They come here for dancing instruction and health building. Through intimate observation of my pupils, and they want to realize that women need some support for the diaphragm and abdomen. Now understand me—I do not mean they should lace themselves up in the old-fashioned affairs their grandmothers affected. I do say, however, that the corset, as made today, is a boon to women and especially to dancers or those indulging in any sort of physical exercise. Besides protection it affords vital organs, it lends shape and keeps down fat."

LOUIS H. CHALIF

tion it affords vital organs, it lends shape and keeps down fat. "That the corset is a good thing for dancers, on moral grounds, is beyond dispute. The uncorseted girl in the modern dance hall—where thousands congregate at a small admission fee—is in danger. The tendency of youth to disregard the common-sense rules and dance in a too intimate manner is sufficient reason alone for use of corsets when dancing."

following road districts in said territory have heretofore issued road bonds under the provisions of Chapter 2, title 18, revised statutes of the State of Texas, as follows:

ROAD DISTRICT NO. 4: Date of bonds April 10th, 1919, numbered consecutively from 1 to 250 inclusive, in the denomination of \$1000 each, aggregating \$250,000.00 bearing interest at the rate of 5 1/2 per cent per annum payable semi-annually on April 10th and Oct. 10th of each year, principal and interest payable at the office of the County Treasurer at Groesbeck, Texas, or at the Hanover National Bank, New York, N. Y. at the option of the holder, and maturing serially over a period of 30 years, \$200,000.00 of which bonds are still outstanding, numbered 1 to 41, thereof having been paid off.

ROAD DISTRICT NO. 4, additional bonds: Date of Bonds August 1st, 1912, numbered consecutively from 1 to 150 inclusive in the denomination of \$1000 each aggregating \$150,000.00 bearing interest at the rate of 5 per cent per annum, payable semi-annually on April 10th and October 10th of each year, principal and interest payable at Groesbeck, Texas, or at the Hanover National Bank of New York, N. Y. maturing 30 years after their date, with option of redemption at any time after 10 years from their date, one of which bonds being No. 125 is still outstanding all the balance of said issued having been paid off.

ROAD DISTRICT NO. 12: Date of Bonds April 10, 1919, numbered consecutively from 1 to 40 inclusive in the denomination of \$1000 each aggregating \$40,000.00 bearing interest at the rate of 5 1/2 per cent per annum payable semi-annually on April 10th and Oct. 10th of each year, principal and interest payable at the office of the County Treasurer at Groesbeck, Texas, or at the Hanover National Bank New York, N. Y. at the option of the holder, maturing serially over a period of thirty years, \$34,000.00 of which bonds are outstanding number 1 to 6 inclusive thereof having been paid off.

ROAD DISTRICT NO. 12 additional: Date of bonds August 10th, 1923, numbered consecutively from 41 to 50 inclusive in denomination of \$1000 each, aggregating \$10,000.00 bearing interest at the rate of 5 1/2 per cent per annum, payable semi-annually on April 10th and October 10th of each year, principal and interest payable at Hanover National Bank of New York, N. Y. maturing serially over a period of 30 years, all of which are outstanding.

ROAD DISTRICT NO. 16: Date of bonds June 10, 1919, numbered consecutively 1 to 40 inclusive, in the denomination of \$500.00 each aggregating \$20,000.00 bearing interest at the rate of 5 1/2 per cent per annum, payable semi-annually on June 10th and December 10th of each year, principal and interest payable at the office of the County Treasurer at Groesbeck, Texas, or at the Hanover National Bank of New York, N. Y. at the option of the holder, maturing serially over a period of 30 years, \$17,000.00 of which are outstanding numbers 1 to 6 having been paid off.

It is, therefore, considered and ordered by the Court that an election be held in and throughout said consolidated Road District No. 4 of Limestone County, Texas, on the 16th day of December 1924, which is not less than 30 days from the date of this order, at which election the following proposition shall be submitted:

Whether or not the bonds of said consolidated road district No. 4 of Limestone County, Texas, shall be issued by the Commissioners' Court of said County in the sum of \$1,571,000.00 for the purpose of the purchase and construction of district roads and the further construction, maintenance, and operation of macadamized, gravel or paved roads and turn pikes or in aid thereof, throughout said consolidated

tion, and in addition thereto, there shall be posted three copies of this order at three public places in said consolidated district, for three weeks prior to the date of said election.

The County Judge is hereby directed to cause said notices to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election shall have been made by the duly authorized election officers and received by this Court.

ALONG THE SIDELINES.

PRINCETON—The varsity went through three hours of hard drill in a defensive practice against Yale play, omitting any scrimmage in accordance with Coach Bill Roper's policy of no scrimmage in practice.

NEW HAVEN—Coach Tad Jones sent the varsity through a two-hour signal drill rather than take any chances on injuring his team in scrimmage. He will probably adhere to that schedule the remainder of the week.

CAMBRIDGE—A long expected change was made in the Harvard line-up when Captain Greenough was shifted from tackle to centre which position he played last year.

WACO—Aerial defensive was the theme drilled into the Baylor Bears by Coach Dell today in preparation for the decisive conference game with S. M. U. at Dallas Saturday.

AUSTIN—Second string men will largely fill up the ranks of the Longhorns in the T. C. U. game at Fort Worth Saturday, Coach Stewart indicated, in an attempt to avoid injuries to regulars and preserve a strong line for the balance of the season.

DALLAS—Aerial offensive work and a short period of skull work was prescribed for the Mustangs by coach Morrison. S. M. U. meets Baylor here Saturday. Both teams have a perfect conference seasonal record.

FORT WORTH—Routine practice was ordered for the Horned Frogs today in preparation for the Longhorn invasion Saturday.

PEOPLE AVOID YOU IF YOU ARE PIMPLY

A boy or girl may have ever so perfect a face, neck and poise, but if even one little pimple, blotch, bump or red spot shows, it ruins their whole appearance. You know how true this is, because you just naturally avoid people whose appearance is not pleasing.

These things are no longer to be endured, however, because thousands of people are getting rid of the worst and most stubborn cases of such skin diseases easily and quickly by using Black and White Ointment and Soap. It seems like magic to eczema, ring-worm, itch, "breaking out," etc.

Dealers everywhere are recommending Black and White Ointment, and Soap, now. They are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the liberal 25c size.—(Adv.)

Rice, Baylor and S. M. U., the three undefeated teams in the Southwestern conference are putting forth every effort to come under the wire first for championship honors. Each have two conference games yet to play this season.

The Rice Owls meet the Texas Aggies at College Station and the Baylor Bears clash with the S. M. U. Mustangs at Dallas next Saturday, these games will be watched with much interest as at least one if not two of the present contenders will be eliminated, unless games end in a tie.

The fans have been a little sceptical about Rice this season but the Owl supporters are predicting that John Heisman will be the miracle mentor of the Southwest by producing a conference winner his first year at the institution.

On Turkey day the Rice-Baylor game at Houston promised to draw about as much interest as will the Aggies clash with the lowly Longhorns at the Texas stadium. The Mustangs should not have any trouble with Oklahoma A. & M. at Dallas on Thanksgiving, as the Oklahoma boys are crowding Texas for bottom place in the conference standing. Oklahoma A. & M. has played only one conference game this year, being defeated by T. C. U. near the first of the season.

The only game in which the Longhorns have showed the slightest hint of football ability was the 7 to 7 tie with Florida. The crushing defeat by Frank Bridges Bears last Saturday left no doubt in the minds of the fans as to the strength of the Longhorns, who are but a shell of the team of former years.

The S. M. U. Mustangs have the honor of being the only team that has not suffered defeat from any opponent either in or out of the conference this season.

The cellar championship will probably be decided at Fort Worth next Saturday when the Longhorns clash with the T. C. U. Horned Frogs.

The Mexia Black Cats are confident that they will add another scalp to their already large collection this season when they meet Palestine next Friday, the team came out with a good many scratches from the hard fought victory over Groesbeck but it is not expected that any of Coach Pottee's proteges will be missing from the lineup.

A majority of the critics have picked the Baylor Bruins to win over the passing Mustangs in Saturday's game, but if the Bears do not have any more success in breaking up the passing game than they did when they permitted the Longhorns to complete nine passes over their heads they are in for a good drubbing.

Jackie Coogan Receives Accolade As Knight in Order of Maccabees

DETROIT—Jackie Coogan is now "Sir Jackie Coogan" and the youngest knight in the world. The boy film star received the accolade of knighthood here as the climax of the city's reception to him at a meeting held in Jackie's honor at the Detroit Board of Trade.

Jackie looked very small among the city officials and business men who ushered him to the speakers' stand, but he walked with the self-possession of a person used to the public. A city directory and a dictionary were placed in his chair to bring him to a level with the others. An automobile magnate wished to lift him up to it but Jackie declined and scrambled up to his seat without assistance. When he was in his chair with his feet dangling he did not look so much like the dimpled center of attraction but like a very little boy with a chubby, happy face.

Real Estators To Visit Cuba

(By United Press)

DALLAS, Nov. 11.—Climaxing their annual business meeting, Jan. 14-16, members of the National Association of Real Estate Boards will take a 20-day mid-winter cruise from Dallas to Cuba, Jamaica, the Panama Canal Zone and Costa Rica. The "Parismina," one of the steamships of the Great White Fleet has been booked for the voyage

and will leave with the party from New Orleans. It is expected that the group attending the convention will be large enough to command exclusive use of the vessel.

from a compressed air tank, and it is claimed that a haystack can be dried by this means inside of two hours and at a fraction of the cost of other methods.

The invention is the idea of the wife of the Director of Oxford University Institute for Agricultural Research, who thought of it while having her hair dried by the hot air method at the local hair dressers.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

CITATION BY PUBLICATION.

The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:
You are hereby commanded to summon J. E. Winans, A. C. Norman, and Buckner & Wright by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the 1st Monday in December A. D. 1924, the same being the 1st day of December A. D. 1924, then and there to answer a petition filed in said Court on the 9th day of October A. D. 1924, in a suit, numbered on the docket of said Court as No. 5-05-A wherein Phil Karner is Plaintiff and J. E. Winans, A. C. Norman, and Buckner & Wright are Defendants, and said petition alleging defendants delivered to the plaintiffs three vendor's lien notes, each for the sum of \$4,245.33, due on or before March 7, 1922, on or before July 7, 1922, on or before November 7, 1922, respectively, payable to plaintiff, bearing interest at eight per cent. Said notes were given as part of purchase money for the following described land. All that certain tract or parcel of land, a part of the P. Varela XI League Survey in Limestone County, Texas, and being the Eastern portion of a seventy-seven (77) acre tract sold by Jack Womack to Phil Karner on March 16, 1920. Beginning at the N. E. corner of the said 77 acre tract, a stake at an old fence corner on the S. line of Tyler St.; Thence S. 84 deg. 8' W. 273 feet and S. 81 deg. 35' W. 125 feet to the

N. W. corner of this tract, a stake in the S. line of Tyler St; Thence following the old fence of the said tract N. 65 deg. E. 1263 feet to its S. Said property was conveyed by plaintiff to defendants, November 7, 1921. That each of said notes is due and unpaid, though often requested defendants refuse to pay any part of said notes, to plaintiff's damage in the sum of \$12,729.99. Said notes have been given to Keys & Mason, Attorneys, for collection. Plaintiff to pay Attorneys ten per cent for collection fee.

in block 16 of said addition, but asserts that lien is valid against hereinabove described property, with exception of Lot No. 4, in Block 16.

Plaintiff further says defendants are attempting to assert a Materialman's Lien on Lots 18 and 19, in Block 4 of said Winans Addition. Said lien constitutes a cloud upon title and should be held for naught.

Wherefore plaintiff prays for judgment for his debt, interest, attorney's fees, and costs of suit, and for foreclosure of his lien on above described land and premises, and that same be sold according to law; that officer executing said sale place purchaser of said property in possession thereof within thirty days after day of sale. And that the lien of the defendants Buckner & Wright, be decreed of no force against this property; and for such other and further relief, general and special, in law and in equity, that he may be justly entitled to.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you

have executed the same.

LIMESTONE GINS PASS 50000 BALES FOR THE YEAR

Tom L. Cox, Special Agent for the Government Census Bureau states that his last report for Limestone County, under date of November 1, showed that the gins of this county had ginned 49,764 bales from the crop of 1924, as compared with 46,558 bales to the same date in 1923. Since then several hundred additional bales have been ginned, sending the total to more than 50,000 bales already.

He also pointed out that much cotton raised in Limestone county is ginned outside the county, pointing to that which is ginned from the county around Mart, and points in Hill County. The number of bales ginned outside the county which is raised in the county exceeds that brought to this county from other counties by many hundred bales. Should a record be made of all county raised cotton, it would likely show that around 55,000 bales have already been gathered by Limestone farmers.

This is the best year the farmers have enjoyed since 1920, according to the census bureau. In 1921 the county ginned around 32,000 bales and in 1922 approximately 33,000 bales. Those years were made shorter by virtue of the oil activity in this section of the county. In 1923 there were around 49,000 bales.

Stewart Picks Baylor To Win The Championship

By E. J. STEWART
Athletic Director, Texas University
(Written for United Press)

AUSTIN, Texas, Nov. 12.—Last week end's results in the Southwestern conference brought Baylor prominently to the fore in the championship race, as I predicted before the season started.

Baylor played, by far, the best game that any team has played against the Longhorns this year and I believe will defeat both S. M. U. and Rice unless weakened by overconfidence or some other of the epidemics that have struck certain conference teams this season.

Bridges has been very fortunate in keeping his team intact but the same good fortune has fallen to Morrison at S. M. U. If either of the two are hit by an injury epidemic such as the type that laid Texas and T. C. U. low, championship hopes are gone.

Rice, of course, must be considered seriously, as they have two games to their credit with no defeats, and yet, I feel that they do not have a fifty-chance to get by both the Texas Aggies and Baylor. In fact, Coach Heisman is deserving greatest of credit for what he has done with the lowly Owls if they do not win another game.

Texas, as was expected, failed to show the punch of the 1923 team and has had to attempt to put over touchdowns with forward passes—a style of game unfitted to her players, who are too light to buck the line and not swift enough to pull trick formations.

My prediction for the first three places at the end of the season at this date, would be 1. Baylor, 2. S. M. U. and 3. Texas Aggies.

Baylor has a tricky and yet powerful team capable of putting across power and deceptive plays—which may be good for ten of fourteen points in the coming Baylor-S. M. U. game at Dallas Saturday.

S. M. U. appears to have a team capable of slipping across one touchdown against any kind of opposition via the aerial route, but does not impress me with the driving power of Baylor.

The Aggies, according to reports of my scouts, have power mixed with a few long passes, and have finally hit their stride at line punting. On the other hand, Rice, the remaining contender, does not have the power, in my opinion to go through the strong lines that she will encounter during the balance of the season.

Baylor 14—S. M. U. 7.
Aggies 14—Rice 0.
Texas 0—T. C. U. 0.

These are my predictions for the coming week-end games. The Oklahoma Aggies and Arkansas U. have opposition outside the conference with which I am little acquainted.

S. M. U. Colts Win Over Westminster In Gridiron Game

DALLAS, Nov. 12.—Outplaying the Westminster Junior College team in every department of the game, the S. M. U. Colts handed the ma 26 to 0 drubbing on a muddy field at Ownby Oval Monday. The scoring was in the first, third and fourth quarters. Early in the first quarter, Hemsell for the Colts got off a long kick with the wind which went to Westminster's one-yard line. On the next lay the whole Colt line charged through and blocked the

HOME DRESSMAKING

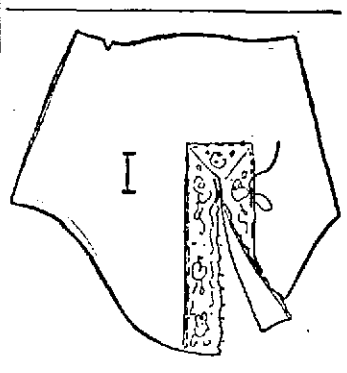

By JEANNE ROLAND
(Copyright 1924 by Pen-Art Service, Inc.)

Neatness of Crepe and Lace

Because of the slash in the sleeve, the home dressmaker must exercise care in putting on the lace. Carefully observe Fig. 1, which shows how the lace must be turned at the upper edge of the slash in the sleeve to make a perfect mitre. Turn the lace so that the lower edge of the turned section meets squarely the edge of the strip which has been sewed on lengthwise. It is best to baste the lace into place first, so that it will lie flat and smooth. If there is any sign of bulkiness, the trimming that is overlapped may be cut away.

Smartly Straight of Line

This lovely neckline is gracefully designed in silk crepe and really constitutes that pleasing and practical garment, the hostess gown, so quickly slipped into to make one instantly presentable.

Three and one-half yards of silk crepe 35 inches wide and four yards of lace edging, plus simple straight lines, tell the smart story of this neckline. The kimono sleeves are lengthened with sections of self-material slashed at the back and trimmed with the lace. The lower edges of the sleeves and edges of the jabot raver are picotied.

Fig. 1.—Lace basted on slashed sleeve.

Fig. 11.—Hemstitching cut to form picot edge.

Fig. 11 shows how to cut the hemstitched edges of the sleeves and jabot collar to give the picot effect. The professional hemstitchers have achieved such a degree of perfection in this work, that it would, perhaps, be better to have the hemstitching done by machine, after which the home dressmaker could cut the stitches herself. Most of the sewing-machines nowadays also carry hemstitching devices which help greatly in making this form of trimming.

Colonial Interior Curtains

IT IS generally agreed that old-fashioned hooked or braided rugs, antique furniture, old pewter and glass lamps, framed samplers and patch-work quilts should be used together to create the old-fashioned atmosphere so popular. A few there are who are fortunate enough to inherit genuine antiques that have a family interest. Most people are content to buy their antiques anywhere they can find them, even at some of the shops that are suspected of "creating" antiques.

But nobody offers for sale, or indeed, ever seems to inherit, any window curtains. What did our great-great-grandfathers hang up at their windows to keep the neighbors and passers-by from looking in on the privacy of their home life?

One fears that great-great-grandmother, in good old Colonial days, had nothing more than ruffled muslin at her casements, and probably it was stiffly starched, and thick, and durable, and ugly. Even the most whole-hearted lover of the antique can hardly follow suit and hang anything so unattractive at the windows, just to achieve a "colonial" interior.

The manufacturers have met this need, however, by creating lovely new nets, something in the order of flit, to use in style. The Colonial nets are distinctive and appropriate to associate with hooked rugs, pewter plates, and skirting.

Three linesmen had the ball covered for a touchdown.

The Colts scored again when Quarterback Mann caught a hard pass and fell over the goal line. The second quarter was fought bitterly with neither side threatening dangerously to score. In the third quarter Westminster made a determined effort to score but was turned back after they had driven inside the S. M. U. twenty-yard line. The Colts rallied and pushed up the field on end runs and passes. With first down on the Westminster seven-yard line the touchdown looked easy. Two backs put the ball on the one-yard line. On the next play Atterbury went over but fumbled. The ball bounced back on the field and Mann, playing alertly, scooped up the ball and skirted end for the score.

The last touchdown came on the last play when Sullivan, who had played a stellar game the first half, substituted for Sessions at end. Mann through a long pass over the goal line which the fleet Sullivan caught smoothly.

Defensive stars for the Colts were Brown at guard. Peeples and Tatum at tackle, Atkinson, Wolf and Hemsell played best in the backfield,

skirting U. Westminster ends for good gains. Mann passed well in spite of a muddy ball. Westminster fought stubbornly but showed steady offensive strength only once when they made three straight first downs.

Hemself, half, and Fraley, full-back, for the Colts, were both taken from the game with twisted knees. While Hemself, a transfer would not be eligible if badly hurt, Fraley will be sorely missed in the game with Terrell School. The game with Terrell is the last of the season for the Colts.

Lease Pirates Are Connected Up In Scandal Charges

(By United Press)

MUSKOGEE, Okla., Nov. 12.—The attorney general of Oklahoma will be summoned to aid in investigating "serious" charges uncovered late yesterday by the congressional Indian affairs commission meeting here. Representative H. P. Snyder, New York, indicated to the United Press today.

The charges were uncovered when M. T. Eggleston, Denison Texas was testifying before the commission which is making a survey of the work of county probate courts in Oklahoma in handling affairs of 15,000 Indians of five restricted tribes in the state.

Eggleston testified that "there are twenty lease pirates" working in Oklahoma in collusion with certain county judges to lease valuable oil lands owned by the Indians at trivial sums.

The accused judges will be summoned before the committee today, Snyder said.

COURT RULES REGARDING ILLEGAL BEVERAGE

Nursery Fittings

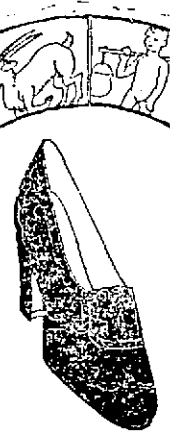

Many problems of health and discipline are solved by giving the child a little room of his own, where the temperature may be always kept just right, and where he may scatter his small possessions all over the floor without incurring grown-up wrath.

Simple painted or enamel furniture in white, cream or gray, gay nursery wallpaper, bare floor with washable rugs, and a dainty color scheme, usually pink or blue, make almost any little room over inexpensively into a charming nursery, restful and hygienic.

Everything should be easily cleanable, and the little bed should be equipped with fluffy, dainty blankets in the accepted color scheme. Children always love pictures, and for this reason the charming Nashua story-land blankets, with all the famous Mother Goose characters scampering over the surface, are sure to please the child.

Appeals in a divided opinion held that the transportation of any amount of liquor for beverage purposes is a violation of the law. The Dean law amendment ruled that a quart or less is legal.

Wall Paper

SELECTING the proper Wall paper for your home is as much a matter of art as selecting the correct painting to hang on your walls. You must choose the proper colorings to blend correctly, and at the same time, you must keep the decorative features above criticism.

A well papered room is a splendid invitation to offer your guests and speaks for itself.

We'll be glad to discuss your wall paper and your furniture problems as one and give you the benefit of our experience as dealers in both for years.
